

# CHINESE TURN BACK JAP ATTACK

## Twelve Killed And 330 Injured In Cuba Earthquake

### SANTIAGO IS THROWN INTO NEAR PANIC

Damage Caused in Several  
Other Towns But Little  
Suffering is Reported  
**NO FAMINE DANGER**

### Early Reports of Unusual Heavy Death List Not Verified Later Today

SANTIAGO DE CUBA, Feb. 3.—(UP)—An official announcement at noon today said 12 persons were dead in the earthquake which shook the city, 90 seriously injured and 240 scratched or bruised by falling debris.

The quakes were felt in Guanajuato and Bayamo also but the damage there was slight.

When the quakes started about 1:15 a. m. Santiago's power facilities were disrupted and all lights extinguished. The greatest confusion prevailed.

The waterworks department was effecting repairs in the city and conditions were being returned to normal. There is no danger of famine according to reports reaching here.

Secretary of Public Works Onetti left for Santiago in an airplane. A squadron of army planes will proceed to Santiago with medical supplies and food should that become necessary.

The maternity hospital was among the buildings wrecked in Santiago. Numerous mothers and babies were reported injured although none was killed.

Prisoners in the city jail were in the confusion. Some were in a panic and several escaped.

The railroad station was greatly damaged. The top floor of the San Carlos club crumbled and guests of the Regent hotel were tossed from their beds. Many of the guests rushed to the streets in their night clothing.

Auto traffic was halted by the debris littering the streets.

The population of Santiago de Cuba is more than 140,000. There have been numerous earthquakes in the district, but today's quake appeared to be the worst in the city's history.

Santiago is on the southern coast of the extreme southern end of the island. It often has been in the path of cyclonic disturbances moving out of the Caribbean.

### Film Actor And Wife Arrested

HOLLYWOOD, Feb. 3.—(UP)—Eddie Gribbon, motion picture comic, and his wife, Loreta, were arrested today charged with liquor law violations after five police cars responded to calls from neighbors that a wild party was in progress at Gribbon's home.

Gribbon and his wife were each booked on three counts, violation of the state liquor law through possession of more than a gallon of liquor; intoxicated on private property and suspicion of violation of the Volstead act.

Arresting officers said they found in the basement 29 quarts of beer, 46 pints of beer, some "red liquor" and 13 pints of wine. The house, they said, was in disarray, with dishes broken on the floor and numerous signs of battle.

### FLAPPER FANNY SAYS:

Even a bookkeeper sometimes feels no account.

### SANTIAGO IS THROWN INTO NEAR PANIC

### Prices Move Skyward On N. Y. Market

### United States Steel Com- mon Rallies and Car- ries All Issues

NEW YORK, Feb. 3.—(UP)—U. S. Steel common stock led a rally in the stock market in the last hour today and the whole list responded.

Until the late afternoon the market had drifted. In the period from noon to 1:30 p. m., sales totaled only 100,000 shares, or at a rate of 330,000 shares for a full five-hour session.

Wheat turned up late in the day and closed with gains of 1-4 to 1-2 a bushel. Cotton rose a few points. Silver turned down fractionally. Bonds were irregular with Japanese issues firmer, and railroad securities irregularly lower.

The French franc and Italian lira made sharp gains in foreign exchange trading while Spanish pesetas slumped.

General Motors stock was up a fraction near the close and Du Pont, recovered an early loss.

Business news was bullish. Steel production, according to the Iron Age, declined to 28 from 29 per cent, while Dow-Jones estimated it at 26 1-2 per cent, against 28 per cent a week ago.

According to preliminary calculations, the Dow Jones and Co. industrial average stood at 78.26, up 44 points; rail average at 37.11, off .07 point, and the utility average at 31.49, up .15 point.

Sales totaled 800,000 shares, compared with 1,100,000 shares yesterday.

### SEARCH CONTINUES FOR ARMY AIRPLANE

VISALIA AIRPORT, VISALIA, Feb. 3.—(UP)—Search for Lt. Edward Hoffman, lost in a March field bomber he tried to save from a blizzard's wrath in the Sierras Monday, was started from here at 7:25 a. m. today when five Cessna field bombers took off.

The rescue ships pointed their noses into ideal flying and searching weather. Last night's end of the storm left the air crystal clear and quiet, and 13,000-foot peaks 20 to 30 miles distant were etched in plain relief against the morning horizon.

It was believed almost certain that the bomber had crashed Monday afternoon. It was last heard about 1:30 p. m. when it was estimated the big ship had two hours' fuel supply left.

Each searching plane carried a Sequoia park forest ranger to show the pilot the country's landmarks.

### RUM PRESCRIPTIONS HIT BY PROFESSOR

WASHINGTON, Feb. 3.—(UP)—Dr. Arthur Dean Bevan, professor of surgery at Chicago university, asserted before a senate subcommittee today that 90 per cent of liquor prescriptions written by American physicians are "boot-legging prescriptions."

Bevan was testifying before the Metcalf committee, which is now hearing opponents of the Bingham four per cent beer bill.

He told Senator Hatfield, Republican, W. Va., that the attitude of the medical profession, which supported prohibition during the war, had changed to some extent because "a large number of doctors have not been able to resist the temptation to sell their prescriptions." They are allowed 400 a year each.

### MAN IS DECAPITATED

WINNIPEG, Man., Feb. 3.—(UP)—Andrew Bodz, 53, was decapitated today during a hanging for the murder of his wife. The execution took place in headlighting jail.

The trap was sprung at 7:14 a. m. after Bodz had walked unassisted to the execution chamber and had displayed no emotion as the noose was adjusted.

Bodz, while drunk, beat his wife to death on July 24, 1931. He was convicted and sentenced to death December 2.

### CITRUS GROWERS WAR AGAINST FROST

### LEAGUE ENCOURAGED OVER U. S. AND BRITISH ACTION

GENEVA, Feb. 3.—(UP)—Action of Great Britain and the United States through the league of nations council to prevent war in the Far East, has increased the league's hope for actual achievement by the world disarmament conference.

The United States, although not a member of the league, gave the league a new lease on life by using it as a channel for negotiations to end the conflict between China and Japan.

The adherence of France, Italy and Germany to the Anglo-American representations to Tokyo and Nanking made it possible for the league to claim the achievement of clarifying French and Italian positions in the Far East, hitherto undisclosed.

The league members particularly stressed the fact that the announcement of Anglo-American action was made through the league council and not separately at Washington and London.

The council's action to prevent war was the strongest concerted movement taken by any group of nations against any other nations since the World war. It was initiated when Britain, assured of the "wholehearted support" of the United States, summoned the council and moved rapidly to prevent spread of the Sino-Japanese trouble.

The council formally associated itself with the definite Anglo-American plan as announced by the British secretary for dominions, J. H. Thomas.

News of the bombardment of Nanking, arriving a few hours prior to opening of the conference, created a melodramatic situation.

### JUDD CASE TO BE GIVEN JURY LATE THURSDAY

COURTROOM, PHOENIX, Feb. 3.—(UP)—The state continued today to try to batter down the insanity defense of Winnie Ruth Judd as evidence neared a conclusion in her trial on the charge she murdered Agnes Anne LeRoy, a nurse.

Dr. Paul Bowers, Los Angeles psychiatrist who testified yesterday that he believed Mrs. Judd sane and that Mrs. Judd told him of asserted intimacies with a wealthy Arizona sportsman, returned to the stand this morning.

He told the court that he knew grown women who "foiled around with French dolls" and still were sane, an attempt to break the force of defense testimony which insisted that a "mother complex" was a symptom of Mrs. Judd's insanity.

Dr. Bowers was one of the few rebuttal witnesses the state planned to put on the stand. The case is expected to reach the jury tomorrow night, with final arguments occupying tomorrow's session.

Dr. Bowers was on the stand through the entire morning session, undergoing a severe and critical cross-examination.

(Continued on Page 2)

### State Continues Rebuttal Today as Alienist is Placed on Stand

SAN BERNARDINO, Feb. 3.—(UP)—Larry Guire and Lieut. Harry Crosby, young San Bernardino fliers, today announced tentative plans for a flight across the Pacific ocean to Japan.

The fliers said they planned to start at San Bernardino and fly to the Orient via San Francisco in a plane with a cruising range of 5000 miles. No definite time was set.

Within a few days, they announced, a round trip flight from Los Angeles to New York is planned as a test.

### A Correction And Suggestion

(An Editorial)

Yesterday in our editorial columns, where we discussed and emphasized the advisability of bank depositors keeping their funds in the banks, as far as possible, and the action of some of the banks in taking advantage of the provisions of law and the pass books, in retaining the funds in the bank, we made this statement:

The banks of Los Angeles and Santa Ana are taking advantage of the provision in their pass books and the law, to hold the savings deposits in the bank for sixty to ninety days, or six months, as the case may be.

We found we were in error in this statement, as far as it applied to the banks of Los Angeles, but we find further that we could have applied it to the independent banks of Orange county generally, and it would have been true. It is not true of the Los Angeles banks.

Nothing was further from our mind than to misinform our readers in any respect, and we make this correction as frankly and heartily as we made the misstatement yesterday. We still would emphasize the thought that we can conceive of no better help that the people can render the present situation, than to keep their funds or place their funds in the banking institutions, where they will be able to carry out the functions of business in the normal way.

We appreciate the expressions of commendation for this editorial, outside of this misstatement. And we are confident that with the restoration of hoarded money to the arteries of trade, fully half of our depression would be over, and in the city of Santa Ana and in Orange county, it would be even a greater proportion than that.

We should bear in mind that this Federal corporation, which is injecting two billions of dollars into our credit institutions, is doing this only because deposits and loans decreased by a corresponding amount, forcing some action to help the medium of exchange.

It is a mark, both of confidence and intelligence, for us to keep our heads, and sustain our working credit in our fine city and county.

### Smudging Is General In This County

### Light Pots in Some Dis- tricts as Early as 11 o'Clock Last Night

CITRUS GROWERS were called out last night to fight another battle against freezing weather when temperatures started dropping and indications of a long period of dangerous cold was expected.

Smudges were started in some districts as early as 11 p. m. and kept burning until well after 7 o'clock this morning, in a victorious fight against dropping temperatures.

As a consequence heavy fogs of smoke hung over the city this morning.

In the Garden Grove district the mercury hovered between 28 and 29 degrees from 10 until 11 p. m. last night and then started dropping until it reached a low of 27 degrees. Some smudges were fired at 11 p. m. and others were lighted from then on until the entire district was covered with a mantle of smoke.

At midnight smudges were lighted in the Tustin district when the thermometer started to decline. This drop was steady until at 3 a. m. the "key" thermometer from which readings for the horticultural department are taken, registered 27 degrees. It is said that thermometers in some groves in the district registered as low as 25 degrees.

In the Orange district, covering an area from Tustin to Anaheim the lowest thermometer reading was 27 degrees. This low was reached in most groves at about 3 a. m. Smudging started in the district as early as 1 a. m. and by 4 a. m. all smudges were burning and continued until late in the morning.

From midnight until 6 a. m. today the thermometer remained at 30 degrees in the Anaheim district but at 6 o'clock started to drop. At 6:30 a. m. the mercury reached 26 degrees. Some smudges were lighted in that district but many of the groves in the low temperature area are said not to have been equipped with smudge pots.

Fullerton smudges were lighted this morning when the thermometer started to slip toward the danger mark. At 5 o'clock the low had been reached when 27 degrees were recorded. Smudges were kept burning until late in the morning. Just a few miles west of Fullerton, in the Buena Park district smudging was not resorted to as the mercury hovered between 28 and 30 degrees for the entire night.

Heavy frost was reported in all districts.

### ROOSEVELT STATES LEAGUE OPPOSITION

ALBANY, N. Y., Feb. 3.—(UP)—Governor Franklin D. Roosevelt has joined the ranks of those who oppose both American membership in the League of Nations and cancellation of World War debts.

The New York governor, who heretofore has said he was too busy with state affairs to concern himself with national and international affairs, offered his declaration on the league and war debts in an address before New York state farmers, members, of the New York state grange.

His action followed by a few days the declaration by Newton D. Baker, secretary of war in the Woodrow Wilson cabinet in which Roosevelt was an under secretary of the navy, that he did not favor American membership in the league until sentiment was "convincingly" for it.

### ROCKEFELLER KEPT INDOORS BY COLD

ORMOND BEACH, Fla., Feb. 3.—(UP)—John D. Rockefeller has been ill with a cold, but the illness is not serious, Nester W. Davis, secretary to the 82-year-old financier, announced officially today.

It was that illness, Davis said, that kept Rockefeller indoors for the past week, forcing him to abandon temporarily his game of golf and to absent himself from church Sunday for the first time in two years.

Rockefeller is showing a gradual improvement, Davis added.

### Troops to Sail For Orient On Monday

SAN FRANCISCO, Feb. 3.—(UP)—The transport U. S. Grant will sail for the Orient Thursday with nearly 1000 army officers and enlisted men, it became known today.

Army authorities at the Presidio here said most of the troops were regular replacement contingents and denied that the large number was due to the Sino-Japanese fighting at Shanghai.

Brig. Gen. Edwin D. Bricker, ordnance corps, en route to Manila, and Lt. Col. Karl Truesdell, general staff, bound for China, are among the high ranking officers.

### ALBERT B. FALL DENIED PAROLE BY U. S. BOARD

### Former Cabinet Official Must Serve 86 More Days in Prison

WASHINGTON, Feb. 3.—(UP)—Albert B. Fall must remain in prison 86 more days. The former secretary of the interior, sentenced to a year and a day in prison for his part in the oil lease scandal, today was denied a parole.

The United States parole board, in refusing to free him until he had completed his sentence, said the parole act was not intended to apply to a case involving "so grave an offense committed against the government and civilization."

Fall was specifically convicted of accepting a \$100,000 bribe from Edward L. Doheny in connection with the lease to Doheny of the Elk Hills naval oil reserve.

The board's statement said in part:

"Going back 132 years in the history of this nation, it is related that on one previous occasion has a cabinet minister been charged with crime. Fall was the first to be convicted. In the courts of the United States he was found guilty of betraying that trust. Years later he was called upon to pay the penalty for a very grave crime.

"Pity is advanced as grounds for taking action which would virtually set aside the verdict of the jury and the judgment of the court. Corruption of public trust in high places, acts akin to treason, and affecting the entire nation cannot be tolerated or condoned."

### 'WHIZ BANG' EDITOR ASKS FOR DIVORCE

BRainerd, Minn., Feb. 3.—(UP)—Names of six correspondents were on file in district court today in a divorce complaint filed by W. H. Fawcett, sportsman and publisher of "Captain Billy's Whiz Bang" against his wife, Annette.

The complaint, which seeks divorce on the grounds of adultery, will be heard Saturday in Grand Rapids before Judge A. L. Thwing, according to present plans.

The papers named as correspondents "Walter Hemmes," "Miz," "Robert Scurlough," "Jim," "Al," "Bob" and "Stephen." The correspondents were not identified in the papers.

### CONSTRUCTION OF WARSHIPS IS URGED

WASHINGTON, Feb. 3.—(UP)—Warning the house of "dark war clouds in the east," Rep. McFadden, Rupa, Pa., today urged immediate consideration of the Vinson warship construction bill now held in committee.

The Pennsylvania congressman added that while the United States navy is 20 per cent below treaty strength "the dark shadow of a determined military empire again primes as in July 1914 when the hell's fire of the World war was being brewed."

### AERIAL BOMBS DROPPED ON NATIVE CITY WHILE SHIPS BOMBARD FORTS

### Admiral Taylor and United States Naval Reinforcements Anchor Off Shanghai Harbor Today

### CLAIM JAP DESTROYER SUNK

COPYRIGHT, 1932, BY UNITED PRESS

SHANGHAI, Feb. 3.—(UP)—The Chinese held off the Japanese attack and drove them back today in a fierce battle at the Hongkong border of the international settlement.

A similar battle went on in the nearby Chapei native quarter and Chinese forts at Woosung, 20 miles from the city, were heavily bombarded by Japanese warships.

Despite withering machine gun, artillery and rifle fire and aerial bombing, the Chinese, without leaving their own trenches, drove the Japanese back with their nine field pieces a quarter mile from the rifle range on the Hongkong border of the settlement.

The Japanese admitted they had again failed to dislodge the Chinese from the North station, on the Chapei border of the settlement. Japanese casualties were announced officially at four killed and 22 seriously wounded.

Admiral Montgomery M. Taylor arrived today on the cruiser Houston, vanguard of the United States naval reinforcements from Manila. The firing at the forts ceased after his arrival.

The Chinese were greatly encouraged and the military leaders, who had been difficult to find, suddenly blossomed with communications.

Destroyer Sunk

Headquarters of the 19th route army officially announced the Woosung guns had sunk a Japanese destroyer and forced others to withdraw, seriously crippled.

Admiral Kiochi Shiosawa, Japanese naval commander, promptly denied the claim. However, the Japanese minister, Mamoru Shigemitsu, caused a stir when he announced a Japanese landing party had found the forts deserted this afternoon. Some naval and military.

(Continued on Page 2)

NO TRACE IS FOUND  
OF MISSING PLANE

GLENDALE, Calif., Feb. 3.—(UP)—Almost perfect weather conditions today raised hopes that the Century-Pacific air liner with its seven passengers and pilot would be discovered within 24 hours, probably from the air.

More than 75 airplanes, in addition to ground parties, were engaged in the widespread search through the Tehachapi mountains for traces of the tri-motored plane which dropped from sight late Friday enroute from Bakersfield to Los Angeles.

The United Press correspondent scanned the treacherous peaks and valleys today from a plane piloted by Emory Bronte, who, with Ernie Smith, flew from Oakland to the Hawaiian Islands in 1927. Bronte is now flying for the Associated Oil company.

Despite the heavy snowfall over the week-end, the lower mountain altitudes were comparatively free from snow, only the high peaks showing a white mantle.

Garner is Dinner  
Guest of Hoover

WASHINGTON, Feb. 3.—(UP)—Speaker Garner of the house of representatives dined at the White House last night, and among the guests at the banquet in his honor was Judge Samuel Seabury of New York, nemesis of Tammany hall.

It was the first time in years a Republican president has entertained a Democratic speaker at the annual function, and was one of the very few social affairs on the Garner list.

Heading the list of guests was Henry Ford. Among the prominent Democrats were Jesse Jones of Texas; Edward N. Hurley of Chicago; Melvin A. Traylor, Chicago banker; Joseph P. Tumulty, secretary to President Wilson; Harvey Couch, Arkansas; Vance McCormick of Pennsylvania; former Ambassador James W. Gerard and Rep. Rainey of Illinois, majority leader in the house.

Yours,  
WILL ROGERS.

### WILL ROGERS SAYS:

GENEVA, Feb. 3.—(To the Editor of The Register.) This is the hash of nations. There is sixty-five nations represented here. You see this is land disarmament, too, so every nation with railroad fare and a gun is here. The smaller the nation the bigger the delegation. If you disarmed the delegates you would have disarmed over half the countries represented. Turkey is here not to disarm, but to try and book some wars for the coming season. The conference opens tomorrow alphabetically with Abyssinia the keynote speaker. There is lots of nations here willing to throw away two spears and a shield for every battleship we sink.

Went into another huddle today with Doc Woolley. I am strong for Doc. The American delegation held a skull practice today with the American press. Each delegate spoke. All bemoaned the fact that both Congress and the Senate had disarmed the American delegation of \$150,000, leaving them only \$300,000 to argue on. So our delegation on account of this opens about half sore at the world anyhow.

Yours,  
WILL ROGERS.

# Eckles Announces Continuation Of Bus Service Here

## TAXI FARES TO BE MAINTAINED AT OLD LEVELS

Continuation of the Santa Ana bus service on the same routes, schedules and fares was announced today by C. H. Eckles, owner. This has been made possible, he said, through consolidation of the taxi and bus services. The bus service does not maintain itself and profits of the taxi business will be used to make its continuation possible, Eckles said.

Fares on the taxis will continue at the same figure as in the past, he announced. The buses will operate from 8 a. m. to 7 p. m. six days a day, he said.

A private switchboard will be installed in the main office and phones in the outlying district so drivers reaching the outer area can phone-in and catch incoming calls, thus saving mileage for drivers and speeding up incoming passengers because the cars will not have to return to the office before picking them up, Eckles said.

Savings in overhead expense and reduction of mileage will help to make it possible to continue the bus service, according to Eckles.

The buses cover a daily mileage of 400 miles and there are 17 miles of routes.

**LIFETIME JOB**

MIAMI, Fla.—While waiting for a jury's decision to be rendered in their case, Julius Glynn and George Duncan, on trial for a statutory offense, asked for a newspaper, explaining they were going to look for jobs. When the jury returned they got one, although not the kind they expected. Both were given life terms at Bedford prison.

## Day in Congress

(By United Press)

**SENATE**

Senate continues debate on unemployment relief bill. Metcalf subcommittee continues beer bill hearing. Interstate commerce committee continues hearing on bill to regulate bus and truck traffic.

**HOUSE**

Continues discussion of interior department appropriations bill.

Ways and means committee continues tax hearings. Merchant marine committee continues investigation of shipping board. Labor committee continues hearings on bill for federal unemployment relief.

## JUDD CASE TO BE GIVEN JURY LATE THURSDAY

(Continued from Page 1)

oral cross-examination by Paul Schenck, chief of defense counsel. Schenck made the point several times that observation Dr. Bowers used to support his insistence that the defendant was sane might just as well be used to support the defense contention of insanity.

Judge Howard Speakman was obviously irritated by the tedious and highly technical cross-examination and repeatedly broke in to demand that the discussion be kept to the subject and that greater speed be shown.

## JAPS REPULSED IN ATTACK ON CHINESE TODAY

(Continued from Page 1)

tary officials believed the forts had been deserted for several days, which, if true, would cast suspicion on the Japanese claim that the Woosung guns opened fire, causing today's fighting.

The Chinese brought 4000 troops from Chongju today, reinforcing their position at the North station, after a declaration that they do not intend to yield before the Japanese.

Shells and numerous shots came within the international settlement during the day's fighting.

**Chinese Optimistic**

Coincident with Admiral Taylor's arrival, the Chinese became highly optimistic and announced various victories. The fighting at the North Station resulted in at least a moral victory for the Chinese defenders, who have held their positions there since the Japanese occupation of Chapel.

The Japanese admitted the truth of the Chinese claim of victory at the North Station. Shiozawa's attempts to capture the station all proved futile, resulting in the loss of prestige.

While an impressive demonstration and attack by 15 Japanese airplanes failed to alter the military situation, the bombers for the second consecutive week wrought havoc to private property and noncombatants in the Chinese city. Tonight the skies were reddened as new fires in Chapel blazed along a 2-mile front between Hongkew and Chapel. The result of incendiary bombs dropped this afternoon.

The Chinese also resorted to incendiary, setting fire to two Japanese factories outside the settlement.

**Taylor Arrives**

After a day of hostilities and terror, however, the arrival of Admiral Taylor was a definitely stabilizing factor. Edwin S. Cunningham, the United States consul general, and others were optimistic over the settlement's position. Chinese civilians assumed the attitude "everything's all right now the American admiral is here."

Taylor remained aboard his flagship, where he conferred with Cunningham, Col. R. S. Hooker, commanding the marines, and other settlement officials.

The first concrete result of the conference was the announcement that the Japanese marines, who for several weeks have been billeted on the Gordon road, within the American sector of the settlement, would be withdrawn tomorrow.

**ADMIRAL TAYLOR IN COMMAND IN CHINA**

SHANGHAI, Feb. 3.—(UP)—Rear Admiral Montgomery M. Taylor arrived today to take command of American forces in the battle zone as the Japanese and Chinese continued their struggle for control of Chapel, in the native city.

The U.S.S. Houston, Admiral Taylor's flagship, arrived at 2:30 p. m. (1:30 a. m. E.S.T.) from Manila, leading two American destroyer divisions in the Asiatic fleet. The flagship dropped anchor in the midst of a terrific artillery

## PREMIER OF JAPAN EXPLAINS CAUSE FOR VIOLENCE; CLAIMS NO BOMBS DROPPED FROM AIR

By TSUYOSHI INUKAI  
Premier of Japan

(World Copyright 1932 by U. P.)  
TOKIO, Japan, Feb. 3.—(UP)—Manchuria is nearly 1000 miles from Shanghai and the Shanghai incident is an affair entirely separate from the Manchurian incident.

Both occurrences were due to a similar cause, namely, violent Chinese military attacks. In the case of the Japanese forces were the made in consultation by the international authorities in view of the disturbed conditions of the city for its defense by international forces, and in accordance with this scheme a particular sector was allotted to the Japanese.

The Japanese navy proceeded to carry out this international duty by landing a force of marines. These men immediately subjected to a galling fire by Chinese troops. In the execution of their international duty, the Japanese returned the fire.

It is believed that soldiers of no other country would or could have done otherwise. Certainly American troops would not have been deterred by Chinese bullets from the execution of their appointed and accepted duty.

The Chinese forces which attacked them being in great strength and proceeding to attack and destroy the Japanese residential quarter of Shanghai with its 30,000 Japanese inhabitants, the only possible mode of warding them off was the employment by our navy of aircraft and artillery.

It is entirely untrue to say that any bombs were dropped on the Chinese city of Shanghai or on the international settlement. The whole counter attack was directed exclusively against the attacking Chinese army.

It is to be observed that the concerted measures for defense which included the allotment of one section of Shanghai case, an arrangement had outcome of a situation rapidly growing worse. The tension between Japanese and Chinese in Shanghai in the presence of overwhelming Chinese forces outside the city, the result of a crescendo of riots and atrocities, and Japanese went about in terror of their lives.

It must be clearly understood that there are two cities in Shanghai, the international settlement internationally governed, and the Chinese municipality. The international authorities in order to restore order and security, took the

fire in the vicinity of North Station.

Admiral Taylor became senior officer in the defense corps of the international settlement on his arrival.

Gunfire greeted him as he reached the mouth of the Yangtze. A battle raged at Woosung, where Japanese warcraft sought to silence Chinese forts commanding the entrance to the broad river.

In Shanghai shrapnel and shells fell in the international settlement as the Japanese and Chinese continued their struggle for control of Chapel, in the native city.

The Japanese marine headquarters at 3:10 p. m. (2:10 a. m. E.S.T.) officially announced a general offensive resumed on all fronts.

The Chinese held on stubbornly. Their artillery fire endangered the foreign areas as shells, shrapnel and bullets from smaller weapons showered over the city.

The fighting began in midmorning in Shanghai. Japanese airplanes joined with the marine artillery and machine gunners. Bombs were dropped over the Chinese lines in Chapel, particularly near North Station.

The Chinese were making gains before the aerial attacks. They were advancing from two sides of the Japanese positions at the rifle range on the Hongkew boundary of the settlement.

The second engagement was between Chinese forces in the Woosung forts and Japanese naval units. The forts are 20 miles from Shanghai proper.

United States Consul General Edwin S. Cunningham said that the Japanese informed him they would take the forts today.

An official announcement said the Chinese had ceased firing from Woosung after about three hours of fighting, during which the port of Shanghai was temporarily closed.

**SORGHUM STALK 18 FEET TALL**

CLARKSDALE, Miss., (UP)—T. A. Williams, farmer here, has a sorghum stalk that is 18 feet tall and three inches thick at its base. It is the largest discovered in this district, county agricultural authorities said.

## CHINESE READY TO ACCEPT ALL U. S. PROPOSALS

(Continued from Page 1)

all Japanese-Chinese troubles, their first concern is to mitigate the perilous situation at Shanghai, now threatening thousands of foreigners.

The four points which Japan is reported willing to accept affect the Shanghai situation. They provide for a cessation of hostilities, no more reinforcements and the establishment of neutral zones, policed by neutrals in the international settlement.

**JAPAN WILL REJECT FIFTH PROVISION**

(Copyright, 1932, by United Press)

TOKIO, Japan, Feb. 3.—(UP)—Japan today rejected the fifth provision in the identical American and British notes to restore peace in China.

The provision calls for settlement of all outstanding controversies in China in the spirit of the Kellogg pact outlawing war. Such a settlement would mean loss of Japanese gains in Manchuria.

The rejection, based on the fact Manchurian troubles would be included by the provision, threatened to block efforts of world powers, led by America and Britain, to stop warfare in Shanghai which threatens the peace of the world.

The first four identical proposals in the notes were conditionally acceptable, the United Press was informed officially.

Japan, however, reserved the right to protect Japanese nationals with Japanese troops, it was emphasized.

The government feels that the immediate and most pressing problem is to secure withdrawal of the Chinese forces to a safe distance from Shanghai to prevent further clashes with Japanese forces there.

Foreign Minister Kenkichi Yoshizawa drew up identical replies to the British and American notes.

The flat rejection of the fifth point indicated Japan has no intention of giving up Manchuria. The article in question, the last of five conditions outlining peace moves, said:

"Upon acceptance of these conditions prompt advances to be made in negotiations to settle all outstanding controversies between the two nations in the spirit of the pact of Paris and the resolution of the League of Nations of December 9, without prior demand or preservation and with the aid of neutral observers or participants."

## Fullerton And La Habra Girls Form Card Club

LA HABRA, Feb. 3.—The "Gabby-Gab" was the name selected by a group of La Habra and Fullerton girls, when they met Monday night at the home of Miss Julia Jewett in Fullerton to organize.

The object of the club will be for card parties and it was voted to meet the first and third Mondays of each month at the various homes. The next meeting will be held at the home of Miss Dorothy Little February 15.

Two tables of bridge were in play at this first meeting and Mrs. Moyné Nickols and Miss Geneva Miller were prize winners. Refreshments were served by the hostess and Mrs. Ethel Sanford was honored with a birthday cake, it being her anniversary.

Those present were Miss Marguerite Williams, Miss Geneva Miller, of La Habra; Miss Ethel Sanford, of Whittier, and Miss Julia Jewett, Mrs. Mabel Snyder, Miss Winnie Pearson, Mrs. Loyne Nickols and Miss Dorothy Little, of Fullerton. Four new members will be added at the next meeting.

## SAMUEL BROWN CALLED AFTER LONG ILLNESS

Samuel H. Brown, 52, a native son of California who was born in Santa Ana, died early today in a hospital after an illness of nearly a year's duration. He had been confined to the hospital for about three months.

The deceased had lived in Santa Ana all of his life with the exception of 8 years which was spent in Denver, Colorado. He was formerly in business in Garden Grove with his brother, Clarence C. Brown of Santa Ana.

He is survived by his wife, Mrs. Ella Brown and his brother.

Funeral services will be held from the Harrell and Brown Funeral home, 116 West Seventeenth, Friday at 2 p. m. Interment will be made in the Fairhaven cemetery.

## Where is THIS OLD PAPER MONEY?

Hidden away—in sugar bowls, tin boxes, mattresses, perhaps—is nearly 600 million dollars in old, large size currency.

It has not passed through the banks, or it would have been replaced by the new, small size paper money, introduced two years ago.

Think of it! A sum greater than the total yearly production of the world's gold mines—missing. Much of this money is exposed to fire and theft; all of it idle, earning nothing.

Deposited in your bank, surplus funds go to work—helping to create credit for building homes, industries, payrolls—earning interest for you.

Many thousands of thrifty Californians have interest-bearing savings accounts in this strong, statewide Bank.

If you wish to open a new account, we are sure you, too, will appreciate the security, convenience and friendly service of one of our nearby branches.

## Birth Notices

HEASTON—To Mr. and Mrs. P. L. Heaston, 1124 South Shelton street, Wednesday, Feb. 2, 1932, a son.

## DEATHS

A WORD OF COMFORT

If you are to cross the storm-tossed sea, which stretches out between the land of doubt and despair and almost-hatred, when you now stand, and the land of hope and courage and confidence and peace, it is not for you to sit on the shore and yearn for someone to transport you to the other side.

Your task is to perfect yourself in the art of navigation, remembering that, as the sailor depends both upon his compass and upon the stars, so you must be guided not only by your own experience but by the visions and aspirations and longings which you have shared with your dear one who has now gone ahead.

Do not be afraid. Launch your boat. God is beside you at the helm.

GALE—At her residence, 117 East Tenth street, February 2, 1932, Mrs. Myra M. Gale, aged 59 years, wife of Arthur E. Gale. She is also survived by a son, Dr. Scott A. Gale, of Denver, Colorado; two daughters, Mrs. Margaret M. Humphreys, of Simla, Colorado, and Mrs. J. J. Carmody, of Los Angeles; two brothers, Scott A. Anderson, of Cedar Rapids, Iowa, and Robert E. Anderson, of Denver; three sisters, Mrs. W. E. Sheehan, of Colorado Springs; Miss M. R. Anderson, of Phoenix, Ariz., and Mrs. O. G. Keyser, of Keyser, Colo. Services are to be held from the Windsor funeral home, 609 North Main street, at a day and hour to be given later.

CATHERMAN—At his home, 1046 West Highland street, February 2, 1932, Ferdinand Theodore Catherman, age 72 years. He is survived by his wife, Retta May Catherman; two daughters, Mrs. Dean W. Campbell, of Santa Ana; Mrs. William Vestal, of Suisun, Calif., and one son, Ray E. Catherman, of Santa Ana; two brothers, Otto J. Catherman, of Santa Ana, and William E. Catherman, of Salinas, Calif.; five sisters, Mrs. George W. Murray and Mrs. Ella O'Neil, both of Orange; Mrs. E. J. Edgington, of Brooklyn, La.; Mrs. George Brown and Mrs. Jennie Catherman, of Limon, Colo. Funeral services tomorrow at 2 p. m. at the Harrell and Brown funeral home, 116 West Seventeenth street, the Rev. W. E. Spicer, former pastor of the First Christian church, Orange, officiating. Interment in Central Memorial park.

BROWN—In Santa Ana, February 2, 1932, Samuel H. Brown, age 32 years. He is survived by his wife, Mrs. Ella Brown and one brother, Clarence C. Brown. Announcement of funeral later by Harrell and Brown, 116 West Seventeenth street.

## HERE'S WAY TO HELP

Below is the form for making a pledge to aid the Citizens Unemployment Relief Fund. Every employed person in the city should do his bit in caring for the needy of this community and a standard of at least one day's pay each month is suggested as a minimum to meet this pressing need. Fill it out in the largest possible amount and mail it to the Unemployment Relief headquarters.

Date.....1932

To Citizens Unemployment Relief Headquarters, Tenth and Main Streets, Santa Ana, California.

### I AM MY BROTHER'S KEEPER

In this emergency, I pledge myself to pay to the Citizens Unemployment Emergency Committee of Santa Ana, monthly for not more than five months, and if needed and called for, the amount hereafter checked.

Name.....

Address.....

\$100.00 PER MONTH

50.00 PER MONTH

25.00 PER MONTH

20.00 PER MONTH

15.00 PER MONTH

10.00 PER MONTH

8.00 PER MONTH

7.50 PER MONTH

6.00 PER MONTH

4.00 PER MONTH

3.00 PER MONTH

2.50 PER MONTH

Not what we give but what we share determines the measure of our brotherliness.

## WOMAN KILLED. TWO HURT IN AUTO ACCIDENTS

A woman was killed and two men were seriously injured in two automobile crashes in the county late yesterday afternoon.

Mrs. Alice L. Ward, 50, wife of Justus P. Ward, of 112 Wilson street, Midway City, was fatally injured at 3 p. m. yesterday when a light roadster car she was driving, collided with a car driven by George B. Mills, pioneer citizen of Orange Grove, at the intersection of Cannery and Bolsa roads.

### Dies at Hospital

Mrs. Ward died at St. Joseph's hospital at 10:05 p. m. last night, death resulting from a basal fracture of the skull and a crushed chest. Mills also was badly injured. He was taken to his home.

In the collision both cars were dumped into a deep irrigation ditch at the side of the road, partly filled with water.

The body of Mrs. Ward was taken to the Dixon Funeral parlors at Huntington Beach, where Coroner Charles D. Brown has called an inquest, but the time for it has not been fixed.

Besides her husband, Mrs. Ward is survived by one son, Kenneth Ward, of Midway City, and one daughter, Mrs. Virgil Woods of Orange.

### Truck Hits Train

Jack Orlando, 45, of Los Angeles, was reported injured when the truck of which he was riding, driven by J. Dematteo, of 7327 Marlborough street, Huntington Park, crashed into Santa Fe railroad passenger train No. 73, bound from San Diego to Los Angeles, at 4:50 p. m. yesterday, at the East Orange-thorpe road crossing between Anaheim and Fullerton.

According to a report filed with the California highway patrol, Conductor Charles E. Frazier, in charge of the train, claimed that the signal at the crossing was working perfectly and that there were no signs on the road to indicate that Dematteo had attempted to stop his truck. The truck crashed into the mail coach of the train as it passed the crossing, it was reported.

Orlando was taken to a Fullerton hospital, where it is believed that he was not fatally hurt.

Oscar Ristow of Orange, Route No. 2, reported to the Santa Ana police yesterday afternoon that the car he was driving ran down a 12-year-old girl at Washington and Main streets, but that the child refused to give her name and apparently was not hurt.

## Local Briefs

Dr. R. C. Currie, Santa Ana dentist, is a member of the program committee which arranged for the annual three-day convention of the alumni association of the dental college at the University of Southern California, now in session. The convocation was to end today.

Articles of incorporation for the Central Orange County Citrus exchange were filed today with County Clerk J. M. Backs. The articles stated that the organization is to become one of the district exchanges affiliated with the California Fruit Growers exchange.

Directors listed are B. L. Chandler, O. E. Steward, Thomas Haster, J. R. Skewis and Ernest Borchert of Anaheim, and P. J. Weisel of La Habra.

## Student Seeks Exemption from Physical Training

Irving Cornier, entering junior college student, appeared before the board of education last night to request that he be allowed to omit one semester of physical education required before he can secure his high school diploma. The matter was referred by the board to Dr. Percy R. Davis, school superintendent, and D. K. Hammond, high school principal and junior college president. Dr. Davis pointed out that the law requires the physical education work and that there is no way of avoiding it.

Cornier said that he has been supporting himself and wishes to devote as much time as possible to junior college work instead of making up the requirement. He said he did not know of the requirement while in high school. Hammond pointed out that he could continue in junior college without his diploma and that making up the gym requirement would not retard him as much as one semester.

## MANY ATTEND W.C.T.U. MEET IN HOLLYWOOD

A prediction that before the major political parties meet in convention next June, congress will have voted down every bill presented against the eighteenth amendment or the Volstead act, was made yesterday by Mrs. Lulu Shepard of the Reform association of the U. S. at the regional meeting of the W. C. T. U. in Hollywood yesterday, it was reported today by Santa Ana women who attended the session.

A large number of persons from Orange county was present at the conference which attracted 1000 temperance workers of California and Nevada. Speakers urged support of President Hoover and a firm stand against permitting the return of beer.

Other speakers on the program included Mrs. Nellie Burger, president of the Missouri state W. C. T. U. and national assistant recording secretary; Mrs. Lillian Michener, state president of the Kansas W. C. T. U.; and J. F. Burke, of Santa Ana.

Many persons from Orange county are attending the session today and participated in the Prohibition Strategy luncheon at noon.

## Butcher Held On Forgery Charge

Fred Stankey, 42, butcher, residing on Anaheim Route No. 1, was held on answer to the superior court from the Anaheim justice court yesterday on a charge of forgery.

Stankey is charged with issuing several checks. The complaining witness in the case is Walter Rommel, of Anaheim. Stankey was returned here by Leo J. Friis, of the district attorney's office and lodged in the county jail to await a hearing by the higher court. He failed to make bail of \$1500 demanded.

## Wife Of Railroad Man Passes Away

Mrs. Myra M. Gale, 59, died yesterday at her home, 117 East Tenth street. She had lived here with her husband, Arthur E. Gale, retired Santa Fe railroad man, for the past three years.

Funeral arrangements have not been completed. It was announced by Winnig's funeral home, pending arrival of word from relatives in the east.

Mrs. Gale is survived, in addition to the husband, by a son, two daughters, two brothers and three sisters.

## MAKE TRANSFER LICENSE AND WELFARE FUNDS

Two fund transfers were authorized by the board of supervisors yesterday, one for \$103,834.39 from the unbudgeted reserve to the welfare fund, and the other for \$113,135 to road improvement districts and acquisition and improvement fund. The total ordered transferred was \$226,969.39.

The welfare fund was \$100,086.46 in the red before the transfer. The unbudgeted reserve stood at \$130,102.76 before the transfer, which left a balance in this fund of \$26,236.37.

A balance of \$234,864.29 was in the auto license road fund before the transfer of \$113,135 to district funds, which left a balance in the auto license fund of \$121,729.29.

A letter from County Auditor W. T. Lambert accompanying his statement regarding the transfer to the welfare fund said:

"In accordance with your request for a transfer of funds due to the welfare fund, the following amount should be transferred: 'The sum of \$103,834.39 from the unbudgeted reserve fund to the credit of the welfare fund. 'This transfer is to reimburse the welfare fund for money expended for unemployment relief work done on the county roads and paid for on road payrolls to date.'"

According to a statement from Lambert in regard to the transfer from the auto license fund, the \$113,135 "is chargeable against district auto license funds on the books of the road department as follows: second district, \$13,350; third district, \$21,205; fourth district, \$7326, and fifth district, \$760."

"In accordance with the budget of the auto license fund covering appropriations made for assistance to improvement districts for the current fiscal year, you are hereby requested to order transfer of \$113,135 from the auto license fund to the following districts:

Road Improvement Districts

The districts to which transfers were made follows, with the supervisory district in which they lie following the amount of the transfer:

No. 1, Central avenue, \$910, third; No. 5, Villa Park, \$4410, fourth; No. 7, North street, \$2450, third; No. 8, Newhope, \$2250, second; No. 10, North Prospect, \$550, fourth; No. 15, Placentia avenue, \$1400, second and fourth; No. 17, Placentia avenue, \$2150, third; No. 19, Olive-Richfield, \$310, third; No. 22, La Habra streets, \$10,000, third; No. 23, Placentia streets, \$2355, third; No. 24, Grand avenue, \$1790, third; No. 26, Bolsa Chica road, \$200, second; No. 27, West Chapman avenue, \$3350, second and fourth; No. 29, Tustin and Santa Clara, \$520, fourth and fifth; No. 31, West Seventeenth street, \$4400, second; No. 32, Cedar street, \$1150, third; No. 34, South Main street, \$500, fifth; No. 39, Central and Hacienda, \$400, third; No. 40, Hansen road, \$1350, third; No. 41, North street, \$100, third; No. 45, Stanton avenue, \$5200, second and third; No. 48, Orangeflower and Walker, \$9000, third; and No. 49, Artesia street, \$2700, third.

Acquisition and Improvement Districts

No. 1, Placentia district, \$25,550, third; No. 2, Lemon street, series B, zone 1, \$3350, third; No. 3, Spadra road, zone 1, \$3200, third; No. 4, Stanton streets, \$1450, third; No. 5, Yorba Linda district, \$16,750, third; No. 6, Tustin avenue, \$1050, fourth; No. 2, Lemon street, series A, zone 1, \$3500, third; zone 2, \$900, third.

KNIGHTS TEMPLAR STATED CONCLAVE

Wednesday evening, Feb. 3, 6:30 dinner for Sir Knights and their ladies.

Stated meeting 7:30. All Sir Knights cordially invited. Please phone 248, or 7914, before Wednesday noon for dinner reservations. L. L. WHITSON, (Adv.) Commander.

## S. A. PILOTS TO FLY FOOD INTO SNOW DISTRICT

Carrying food supplies to be dropped for families marooned at MacMillan camp at June lake by the heavy snows, Eddie Martin and Calvin "Butch" Lambert took off this morning from the Eddie Martin Airport. They were flying the MacMillan Stearman ship and expected to return early this afternoon.

Martin said that on the return trip he and Lambert would join the search for the Century Pacific air liner, lost since last Friday and several other ships that joined the search and have not been heard from for several days.

Martin and Lambert took off this morning when reports reached the office of the MacMillan Oil company that families of workers at the camp in the high Sierras were without food and were beginning to feel the effects of hunger. It has been reported that there are six feet of snow at the camp, completely cutting off communication with the outer world.

## JOBLESS TURN TO READING

ST. LOUIS, (UP)—The more men out of work, the more books in circulation at city libraries. The largest adult circulation in history, here, was recently recorded when 131,473 volumes were loaned in one month.

## Tools Valued At \$150 Taken From Garage In Stanton

Thieves who broke into the garage of Charles E. Bartlett at Stanton some time last night looted the place of \$150 worth of tools, according to a report made to the sheriff today by L. M. Ridenour, operator of the garage.

Entrance was made through a rear window which had been broken out, it was reported.

An electric drill, wrenches, testing tools and removers were among the articles reported stolen.

## BOARD VOTES \$6251 TO BEACH ROAD AID

The sum of \$6251.28 will be made available to the city of Seal Beach from the auto license funds apportioned to Orange county, for improvement of Central avenue, linking up with the Coast highway. The board of supervisors yesterday voted to make the money available, in accordance with its policy of aiding to the extent of 25 per cent on city street projects when they hook up with through arterial highways.

## THIRD FAUCET FOR WHISKEY

HIGH POINT, N. C., (UP)—Police destroyed a third faucet in DeWitt Byles' bathroom. They traced the pipe to a copper tank containing three and a half gallons of whiskey. A warrant was issued for Byles' arrest.

## \$604,754 PAID ASSOCIATION ON 449 CARS FRUIT

Gross returns of \$604,754 on 449 cars of valencias were reported at the meeting of the Frances Citrus association held at the packing house on the San Joaquin ranch yesterday.

The association expects to ship around 600 cars of citrus fruit during the 1932 season. Sizes will be larger this year, directors were told.

Officers were re-elected, as follows: C. V. Newman, president; Ray Lambert, first vice president; H. J. Sehn, second vice president; R. J. Baker, C. E. Utt, W. I. Perrey, director, and J. H. Bray, secretary-manager.

The association ships through the California Fruit Growers' exchange.

## MAN ACQUITTED OF POSSESSION COUNT

A jury in the Santa Ana police court last night returned a verdict of not guilty in the case of Ed Moesser, of 913 1-5 East First street, charged with possession of

liquor. The jury was out about 45 minutes.

Moesser had been tried on the same offense before, at that time the jury being unable to agree. He was arrested in December, when police officers are asserted to have found a party going on at his house. The guests were not arrested, but when liquor was found in the house, he was taken into custody.

In the first trial, his attorney, D. G. Wotilin, contended that he was not violating the law by having liquor in his home, but yesterday he switched the defense argument, stating that the liquor was brought there by some unknown person and was not the property of the defendant.

The city was represented by City Attorney Clyde Downing and Joseph Osie, assistant city attorney.

## How Doctors Fight FAT

Medical science finds that lack of a certain gland secretion is a great cause of obesity. Food that should create energy goes to excess fat. People slow down and gain weight. Now doctors the world over supply that lacking factor. Instead of starving people, they combat the cause of fat. Abnormal figures, in late years, have been disappearing fast.

That modern method is the basis of Marmola prescription tablets. People have used them for 24 years—millions of boxes of them. Now almost everyone has friends who know and show the delightful effects of Marmola.

If you overweigh, go try Marmola. All druggists supply it, and a book in each box tells you all about it. Start Marmola now and watch results.

## COMPANY L TO HOLD REUNION HERE SATURDAY

For the first time since formation of old Company L, Santa Ana unit of the California National Guard, that organization will combine a "dinner night" with the annual reunion this year. The reunion dinner is scheduled for Saturday night and will be held in Legion hall starting at 7 p. m.

Company L has had a notable career since its organization many years ago as a part of the state militia and numbers among its former members men who have distinguished themselves in both military and civil affairs. Many of the veterans will be honor guests at the dinner Saturday night.

## Barney Barnes Can Now Eat Anything He Chooses

"I got so I couldn't eat anything without having trouble afterwards," says Mr. Barney Barnes, popular oil rig builder, of 221 1/2 West Grand Avenue, Oklahoma City, Okla. "I would have heartburn, and indigestion pains after meals."

"Nothing seemed to help me. I tried everything I could hear of but my indigestion hung on four years."

"Then a friend got me to take some Pape's Diapiesin. I had almost immediate relief with the first two tablets. Now that I have been taking them for some time, I find I can eat meats or most anything and have no trouble. I want to tell others about Diapiesin because it sure helped me."

Thousands like Mr. Barnes are finding quick, certain relief for sour stomach, or acidity, by using Pape's Diapiesin. Chew a tablet and that feeling of weight and discomfort after eating just disappears.

## L. A. Man To Start Term For Speeding

James V. Morrison, Los Angeles man, is due to check in at the Orange county jail today to serve a five day jail sentence imposed on him by Justice Kenneth Morrison yesterday.

Morrison, the motorist, was found guilty by Morrison, the judge, after a trial in the latter's court yesterday and he was given until today to gather up his pajamas and toothbrush preparatory to the jail "career."

Morrison, the motorist, was arrested by Chief of Police Harry Comber, of the San Clemente police on January 9, when traveling at a 65-mile clip, near San Clemente. The speeder lives at 8655 South Main street, in Los Angeles.

the World War, the expedition to the Mexican border as a unit in the Seventh California Infantry, and years earlier, in policing and relief work in San Francisco following the earthquake there.

Arrangements for the affair this year are in charge of R. F. Flips, of Santa Ana, a former sergeant in the company. Among the prominent men and former members of the company, who have been invited to attend the dinner as honor guests are: Col. Nelson M. Holderman, captain of the company at the time of the World War, and now commandant of the Napa Soldiers' Home at Yountville; Capt. J. L. McBride; Capt. F. Molton; Maj. Dave E. Borden, regional officer of the United States Veterans' bureau at Los Angeles; Capt. Howard A. Wassum, of Tustin; Lieut. Charles Swanner, Lieut. A. K. Ford, of Hollywood; T. E. Stephenson, postmaster of Santa Ana, and W. B. Williams, banker.

## S. F. U. Wins from California Cagers

SAN FRANCISCO, Feb. 3.—(UP)—San Francisco university basketball players scored their first victory in three years over the University of California by a 21-17 score here last night. Surprising the Californians with a strong and varied offensive, the Dons took a short lead at the start and were never headed. Capt. Bob Klechner turned in eight points to win goal shooting honors while Kintana accounted for five of the Bears' points.

## SAYS NEED OF BILL TO SEND CHURCH IS TO MEXICANS BACK BE DE-BUNKED TOTALS \$3454

"De-bunking the Church" was the subject of a talk made last night by the Rev. James Sewell, pastor of the Broadway and Walnut Church of Christ, at a dinner meeting of the Men's Community Bible class and the First Christian Church Men's Brotherhood in the educational building of the church.

The speaker in plain language declared there was too much froth and bunk in the present day organization and work of the church and suggested some things that the church would have to do in order to retain its position and its hold on people.

Bunk, he defined as that which appears to be useful but is not. "There is a lot of bunk in the church and we need to get rid of it," he declared. "There has been much bunk in business in the last few years, which is the reason for part of the condition it is in today. We have had enough of a shock to make people look at real values."

Four points which the speaker pointed out as needing to be changed were: over emphasis on numbers on membership rolls; deflection of money; spirit of man-pleasing instead of God-pleasing; and a tendency to build up a priesthood in the church.

"There is too much emphasis in getting members regardless of real conversion. God only adds members to His church. And some people are brought into the church and given high position because of their money. But you can't purchase the gift of God with money. Then there is too much of the spirit of man-pleasing instead of God-pleasing. It is sapping the strength of the church. There can be no compromise with the world. The tendency toward building a priesthood in the church is the result of pushing off more and more on the pastor the duties of Bible study, prayer, visiting the sick and calling on the members, due to the laziness and wordliness of church men. As a result the church is gradually losing its rugged strength, spirituality and power."

George Gould, president of the Brotherhood, presided at the meeting. Other speakers included W. B. Martin, E. A. Cox and the Rev. Walter S. Buchanan, pastor of the First Christian church.

Special music for the occasion was provided by the Spanish Serenaders of Anaheim, an orchestra with soloist, which was warmly applauded by the men.

## Court Notes

The will of the late Davidella Hamilton who died on January 22 in Santa Ana, has been filed for probate in the superior court by J. F. Hamilton, executor. The estate is valued at not more than \$25,000. The executor was listed as a son and only heir.

Seeking to foreclose a mortgage on property in the Yorba Linda tract, Minnie Beal Miller has brought suit in superior court against F. W. Wichman and others, asking judgment for \$4750 asserted to be due on a promissory note for \$5000.

D. T. Lane and Ed. Bruns have brought suit in superior court against J. J. Stehly, asking judgment for \$38,650. The complaint is based upon a judgment for that amount secured on November 3, 1931, by the plaintiffs against Stehly, N. W. Stehly and E. J. Fruessing, in the circuit court of the fifth judicial district in Brown county, S. D. This judgment has not been paid according to the complaint.

TOO MUCH EXCITEMENT  
OROVILLE—(UP)—Her clothes afire when gasoline exploded, Mrs. C. Beldan of Pulga ran and jumped into a nearby creek. So excited was she that she broke a bone in one leg.

The board of supervisors yesterday approved a warrant for \$3454 for repatriation of approximately 400 Mexicans who departed on a Southern Pacific train at 7:45 a. m. for their native land. Their rail destinations are Juarez and Nogales, from where they will go to the homes of relatives or embark upon new enterprises of their own. The county paid the expense of transportation to the Mexican border.

There were 168 full fares to Juarez at \$11.80 each, and 87 one-half fares to the same point at \$5.90. There were 37 full fares to Nogales at \$11.20 each and 23 one-half fares to the same city at \$5.60 each. The total transportation cost was \$3039.90.

There were 203 allowances for food at \$1.25 each, 110 food allowances at \$1 each and 79 at 65 cents each, making a total allowed for food amounting to \$415.10.

The Mexicans repatriated are not entitled to work under the county unemployment program, not being citizens of this country, but their departure is calculated to relieve the county of a certain amount of expense inasmuch as emergencies such as sickness might arise which the county could not overlook and which would create expense.

## HOLD REVIVAL SERVICES IN ORANGE CHURCH

ORANGE, Feb. 3.—Revival meetings at the Mennonite church opened last night with a fine attendance and the prayer meeting which preceded the 7:30 o'clock service also was well attended, being under the leadership of the Rev. A. Campbell.

These prayer meetings will continue throughout the meeting every night except Sunday, from 7 to 7:30 o'clock. Special songs were rendered by the newly organized choir and a mixed quartet.

The Rev. Mr. Sorenson spoke on the need of a revival today, and used for his text Psalms 85:6, "Wilt Thou not revive us again that Thy people may rejoice in Thee?"

He stated that a revival must begin in the hearts of the Christian people and said there are many indications that we need a heartfelt revival today. He also urged the people to pray and put forth what effort they could in order that unsaved people might be brought to a saving knowledge of Christ.

The Rev. Mr. Sorenson stated that no formal invitation had been given to other churches, but said that the co-operation and attendance of members from other churches would be greatly appreciated.

## HOLD FUNERAL OF CHILD

TALBERT, Feb. 3.—The funeral of the two-year-old son of Mr. and Mrs. Reginald M. Cowen, Reginald M. Cowen Jr., was held in Los Angeles January 30. The child was ill but a few days and death came at the Los Angeles county hospital during the absence of the father, who a few days previously had left for Imperial valley to work.

Mrs. Cowen will be remembered here as Ardie Brock, who was raised in the home of her uncle and aunt, Mr. and Mrs. Alfred Stewart in Talbert, where Mr. Stewart was for many years the local blacksmith. The family now resides at Santa Fe Springs.

The Rev. J. J. Woodson of Midway City, who was pastor of the Talbert church at the time the family resided here, conducted the services.

## Furniture Concern To Accept Pass Books on Purchases

"As an expression of confidence in the banks of Santa Ana we are announcing a policy of accepting pass books or savings certificates on any Santa Ana bank savings account for the purchase of merchandise at our store," said J. C. Horton, of the J. C. Horton company furniture store here today.

Horton declared that the policy would be effective immediately and pass books or certificates would be accepted for full value with accrued interest, in making purchases.

The decision by the furniture concern to accept these pass books and certificates was made following recent announcement of banks here that savings account withdrawals would be allowed only on written notice as required by law.

## BOARD VOTES \$20,000 FOR HARBOR WORK

The board of supervisors late yesterday voted to notify the city clerk of Newport Beach that the sum of \$20,000 is available for dredging work at the entrance to Newport harbor, provided the coast city matches it with a like sum.

Discussion of the matter revealed the fact that the money has been set aside in the budget and would come from the county general fund when used. On the recommendation of Highway Superintendent Nat Neff the money would be paid on progress estimates, with warrants approved as presented.

There are about 100,000 cubic feet of sand to be moved at the harbor entrance, it is understood. The city of Newport Beach might spend its \$20,000 at some other point in the harbor, on a turning basin for instance, but the county's money would have to be spent at the harbor entrance, it was pointed out.

## HIGH FEES SET BY SUPERVISORS FOR PEDDLERS

An ordinance affecting peddlers was adopted by the board of supervisors yesterday and will be effective in 30 days from that time. It provides for licensing the peddlers at rates ranging from \$5 to \$600 a year and is understood to be designed to restrict entrance of peddlers from outside regions who come into competition with established business in Orange county.

The rolling grocery stores drew the highest license rates, \$600 a year.

Peddlers of fresh meats, poultry or game, fish, fruits or vegetables will pay a \$5 license. The same rate will apply to those peddling poultry products.

Peddlers of drygoods or hardware or birds will pay a \$50 fee. Those peddling hay, grain, poultry, dairy or rabbit feed will pay \$100.

Violation of the ordinance will constitute a misdemeanor punishable by a fine not to exceed \$500 or not more than six months in jail or both.

The ruling does not apply to salesmen or solicitors regularly employed by wholesale houses or jobbers who solicit from retailers or other merchants conducting regular established places of business, or to those operating established milk or ice routes, or to those selling or delivering farm or garden products raised on their own property whether it is owned or leased.

CHURCH GROUP MEETS  
BREA, Feb. 3.—The monthly meeting of the deaconesses of the Christian church was held yesterday afternoon with the chairman, Mrs. William Jackson, at her home on East Cedar. Those attending were Mrs. J. F. Bergman, Mrs. R. O. Williams and Mrs. R. A. Bates.

Mrs. H. W. Williams, wife of the chief of police of Brea, was brought home the first of the week from the hospital at Fullerton, where she had been for the past several weeks following a major operation. She is being cared for by Mrs. W. W. King.

## African Mission Studied At Mesa

COSTA MESA, Feb. 3.—The Standard Bearers, missionary group of the Community church, held their February meeting at the home of Nancy Holt on Newport boulevard Monday evening. A pot luck supper was served at 6:30 o'clock, followed by an interesting study of African missions, with Mary Phillipa Currie directing the lesson.

Those present were Mrs. A. T.

Hase, Winifred and Ruby Trudell, Lucile Boyd, Mary Jean Mason, Margaret Willcutt, Anne Pearce, Phillipa Currie, Dorothy Dodge, Doris McMurtry, Jeanette Kesel, Mrs. W. F. Holt and daughter, Nancy.

## GRIDDER IS STUDENT

Ivan (Ivy) Williamson, captain-elect of the 1932 Michigan football team and all-conference and all-state selection, is the scholastic ace of the grid team. He has scored six A's, nine B's and one C in his scholastic campaigns.

SCIENTISTS SAY:

"Age is a Disease!"

LEARN the secret of keeping young. Simply this: Keep well! If you have stomach and bowel troubles, neuritis, chronic headaches, dizziness, sleeplessness or constipation... it means that Nature is crying for aid. What you need to put your system in order is Tanlac, the tonic that has helped so many hundreds of thousands of men and women that it

OVER 55,000,000 BOTTLES USED

**Tanlac**  
THE NATION'S TONIC

has become the world's leading tonic. Over 55 million bottles have been used. Nothing but tonic elements of recognized therapeutic value enter into Tanlac and these are blended with the skill of your druggist filling a prescription. That's why Tanlac is so effective, yet so utterly harmless. That's why Tanlac gives relief so quickly and surely, putting your stomach and liver in good order, soothing your nerves, enriching your blood, ending those annoying headaches. Tanlac is guaranteed to help you or every cent you've paid will be refunded. Try Tanlac today. It's safe—dependable. Ask your druggist for it. A big bottle costs very little.

**And NOW... CHRYSLER!**  
Locates on the EAST SIDE of Los Angeles  
EMPLOYMENT for several thousand skilled workmen in the automotive industry. An estimated annual payroll of \$2,000,000 for new Chrysler plant alone. Creation of a source of steady income and employment for family groups of approximately 8,000 people. Enough in itself to build a new city and send realty values to new profit-taking heights.  
That, in brief, is what locating of Chrysler Corporation's \$2,000,000 to \$3,000,000 assembly plant, near Ransom developments, should mean to the East Side.  
**Trustee Authorizes Drastic Sale Price Cut for Selected Properties**  
Not merely a sale! A drastic cut during this profit-giving event. A cut that almost prohibits comparison with former prices.  
Think of it. Fully improved property, with business lots on major thoroughfares as low as \$45 a front foot. Big residential lots as low as \$625. Beautiful property. Building activity. Adjoining \$125,000 park-like Golf Club. Every modern convenience... schools, churches, stores, recreation, transportation. A further active development program getting under way.  
**A Golden Opportunity to Invest for Future Profits**  
A background of world-famous industries has created and maintained East Side values. More than 33 expansions and new industries in this district during 1931. Now another mighty boost has been given values, yet trustees for Selected Ransom properties have authorized activity-creating price cuts that permit investors to profit as never before.  
**A Few Dollars Down Secures a Lot**  
That's all it takes! Just a small deposit, and payments that you will never miss. An easy, practical and profitable way to prepare for future profits. See this property.

## WATER PUMPS TO BE LOWERED IN FULLERTON

FULLERTON, Feb. 3.—Work will start in the next few days under the direction of Grover Walters, water superintendent, on the lowering of the pumps in the city wells. Other work will cost approximately \$2000 which will add materially to the efficiency of the local water supply. This work was left up to the water committee at the meeting of the city council last night.

Walters explained that one of the wells needed straightening and this repair work would tend to reduce the amount of power needed to operate the pumps.

## CONDITIONS IN WORLD TOLD BY CHURCH LEADER

A sermon by Dr. C. C. Hein, president of the American Lutheran church, delivered before a capacity audience at St. Peter Lutheran church here, closed the first day of a four-day convention yesterday in which all pastors of the church from Sacramento to San Diego, together with 30 lay delegates, are participating.

After painting a vivid picture of the world today, Dr. Hein declared that the only panacea for the ills of humanity is the word of God.

"The church has it, the world needs it, will we apply it?" asked the speaker.

The Rev. A. C. Schultz, of Sacramento, preached the confessional sermon at 10 a. m. yesterday. The Rev. C. H. S. Hunsicker, of Anaheim, president of the California district, opened the convention with an address and a report of the work of the district during the past year. Progress of the work in the district and in Las Vegas and Boulder City, Nev., is most encouraging, he said.

The Rev. F. D. Meehling, of Torrance, opened the afternoon session with a devotional service. This was followed by committee meetings.

Dr. Hein and the Rev. Henry Schuh, director of finance in the American Lutheran church, came from Columbus, Ohio, to attend the convention.

## ARRANGE FUNERAL OF F. T. CATHERMAN

Ferdinand Theodore Catherman, 73, who came to Orange in 1914 but who had lived in Santa Ana for the past six years, passed away at his home at 1946 West Highland street yesterday.

He is survived by his widow, Reita May Catherman; two daughters, Mrs. Dean W. Campbell, of Santa Ana, and Mrs. William Vesel, of Suisun, Calif.; one son, Ray E. Catherman, of Santa Ana; two brothers, Otto J. Catherman, of Santa Ana, and William E. Catherman, of Salinas, Calif.; five sisters, Mrs. George W. Murphy and Mrs. Ella O'Neil, both of Orange; Mrs. E. J. Efstington, of Brooklyn, La.; Mrs. George Brown and Miss Jennie Catherman, of Limon, Colo.

Funeral services are to be conducted tomorrow afternoon at 3 o'clock from the chapel of the Harrell and Brown Funeral home, 116 West Seventeenth street, with the Rev. W. E. Spicer, former pastor of the First Christian church, of Orange, officiating. Interment will be made in Central Memorial park.

**Muscular-Rheumatic Aches and Pains**

DRAW them out with a "counter-irritant." Distressing muscular lumbago, soreness and stiffness—generally respond pleasantly to good old Musterole. Doctors call it a "counter-irritant," because it gets action and is not just a salve. Musterole helps bring soreness and pain to the surface, and thus gives natural relief. You can feel how its warming action penetrates and stimulates blood circulation. But do not stop with one application. Apply this soothing, cooling, healing ointment generously to the affected area **once every hour for five hours.** Used by millions for over 20 years. Recommended by many doctors and nurses.

Keep Musterole handy; jars and tubes. To Mothers—Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.

## STRENGTH COMPARISON

FIGHTING PLANES  
UNITED STATES  
2,500

JAPAN  
1,500

WARSHIPS (TONNAGE)  
UNITED STATES  
1,123,000

JAPAN 714,120

ARMY (STANDING)  
UNITED STATES  
137,472

JAPAN 230,000

These sketches show comparative strength of the armies, navies and air forces of the United States and Japan. The United States has a superior air force and a heavier navy, but the Nipponese have a much larger standing army.

The combined air fleets of the American army and navy total approximately 2500 planes and 27,000 men, compared with 1500 planes and 16,000 men in the Japanese air corps.

The American navy is decidedly superior on a tonnage basis, chiefly because of its 16 battleships. Japan has only 10.

The Japanese standing army of 230,000 dwarfs America's force of 137,472, but the actual war strength of either nation is problematical, in view of Japan's compulsory military training and the United States' National Guard and reserve power.

## U. S. W. V. PLAN FOR PATRIOTIC PROGRAM

Calumpit camp, No. 26, United Spanish War Veterans, at its meeting last night decided to have a patriotic program following the pot luck dinner the night of February 23, in celebration of George Washington's birthday.

The camp accepted the invitation of the Disabled American Veterans of the World War to have its colors and standard at the Fourth Annual Military ball to be held Monday, February 22, at the new Masonic temple. Representatives of the camp will also attend.

A gratifying report was received of the condition of Charles E. Hyatt, camp chaplain, who is in the hospital of the National Military Home at Savelle, following an automobile accident.

**POLITICS AT 82**

FORT WORTH, Tex.—The oldest city official Fort Worth has ever had is Councilman Willard Burton, who has just turned his 82nd birthday. Besides being one of the most active men on the council, Burton is busy supervising 39 lumber yards in Texas and New Mexico.

## STATE REALTY HEAD TO SPEAK FRIDAY

State Real Estate Commissioner Joseph P. Smith will be the principal speaker at the Friday noon meeting of the Santa Ana Realty Board and will address a public meeting that night to be held in the Santa Ana city hall. The evening meeting will start at 7:30 p. m. and will be held in the council chamber.

Smith who will talk on the present real estate situation and will outline his views, is urging that all real estate men, building and loan men, bankers and property owners attend the night session. The noon meeting will be held at Ketter's cafe and will be for members of the Realty Board and their guests only.

## Boys Attempt to Steal Gasoline

T. C. Finney, of 307 South Garvey street, reported to the police last night that he surprised three boys stealing gasoline from his car, parked in the street in front of his home, but that all three escaped.

## COLLEGE CLUB TO GIVE DANCE AT LONG BEACH

Permission to hold its annual dinner dance at the Breakers hotel, Long Beach, was given to the Bachelors club of the Santa Ana Junior college, by the board of education last night after the matter had been presented by Thomas Cone, member of the club.

It has been the custom of the club to hold these annual affairs outside the county, Cone explained, but permission of the board is necessary before this can be done. He pointed out that the club would stand all expense, estimated to be about \$85 for the dance floor and orchestra. Reservations will be \$1.50 per plate and only junior college students or alumni may attend. Cone said this figure was cheaper than similar arrangements would cost locally. The dance will be held on March 5. Six chaperons will be invited, Cone said.

Several members of the board suggested that efforts are being made to stimulate home trade patronage and Cone agreed that personally he would like to see the dance held in Santa Ana, but that because of the cost factor and a desire on the part of the members to follow the out of town tradition, the club had voted to hold the affair at Long Beach.

## GETS JAIL TERM FOR FAILURE TO STOP AFTER CRASH

Louis Zomora, 23, of 924 Logan street, who "borrowed" another automobile to take his girl out riding on Sunday night, crashed it into another machine and then with the girl ran away from the scene of the accident, pleaded guilty in Justice Kenneth Morrison's court today to failure to stop and render aid and was sentenced to serve six months in the county jail.

The accident occurred at Sullivan and Edinger streets, Sunday night. Zomora's machine, which is owned by J. Perez, Santa Ana, collided with a car registered to J. A. Callens, a resident of Bristol street.

The girl with Zomora, Rose Robles, of First and Harper streets was cut and bruised, but they managed to jump out of the damaged machine and escape soon after the wreck. Zomora was arrested the next day by Santa Ana police officers and lodged in jail. No one in the Callens car was injured.

## Woman Finds Door To Prosperity

Although almost everyone is feeling the stress of economic pressure, Mrs. John Cooley, resident of Costa Mesa has found the "Door to Prosperity." This may sound like an ill-timed joke but it is a fact.

Several days ago while rummaging through an old trunk, Mrs. Cooley found a calendar issued by the Whiting Wrecking company of Los Angeles in the year 1907, a year marked by panic and financial chaos. This calendar was in the form of a wooden door bearing the legend "Door to Prosperity." Mrs. Cooley has shown the memento of 1907 "the year of the panic" to many of her friends as a reminder that even those days, which, in comparison, make this year's financial situation look like a boom year, came to an end and with it greater prosperity than the nation had ever before known.

## ARRESTED ON THEFT CHARGE AFTER CRASH

Charged with operating an automobile without the owner's consent, Louis Zomora, 24, of 924 Logan street, has been booked at the county jail by Santa Ana police officers on suspicion of grand theft of a car.

It was the car Zomora was driving, police allege, that crashed with a machine driven by Joe A. Callens, of Santa Ana, at Sullivan and Fairview streets Sunday night. No one in the Callens car was reported injured, but Rose Robles, who was riding with Zomora, was hurt, police learned today.

Soon after the accident, Zomora and the girl ran away from the scene of the accident, leaving their wrecked machine at the scene of the accident. Police confiscated the car and a few minutes later it was reported stolen by its owner, Joe Perez.

Zomora was arrested at Fourth and Garfield streets.

## Boyce Talks On Gold Standard

BUENA PARK, Feb. 3.—The Kiwanis club met in the Women's clubhouse Tuesday evening, W. T. Boyce, dean of Fullerton Junior college, talking on the gold standard. Instrumental numbers were played by Bruce Hunt and Rosser Williams on the cornet and saxophone, respectively. Members of the woman's club who assisted in serving the supper were Mrs. Henry Warren, Mrs. W. T. Wilsey and Mrs. Fred Greenawalt.

## DIXIE QUARTET TO PRESENT PROGRAM

LA HABRA, Feb. 3.—The Dixie quartet will give a musical program at the Washington grammar school auditorium this evening. The entertainment is under the auspices of the Methodist church choir and will be held in the Washington school auditorium instead of at the church as previously announced.

## Court Notes

C. W. Moore has brought suit in superior court against Rosetta Koontz asking that certain property be declared community property between her and her former husband, R. W. Koontz, and that it be held amenable to satisfaction of a judgment secured by the plaintiff in the Stanislaus county superior court against R. W. Koontz, in the amount of \$5077.50. The complaint asked that the defendant be restrained from transferring the property, which includes 94 shares of stock in the La Habra Citrus association and farming equipment in Stanislaus county.

The will of the late Melissa Barker, who died on January 28, has been filed for probate in superior court, by Charles W. Barker, of Orange, executor. The estate is valued at not more than \$4000. Heirs listed in addition to the executor included Fannie Barker, of Orange.

An estate valued at not more than \$10,000 was left by the late Bertha J. Andrist who died at Loma Linda on January 22 according to a petition for probate of her will, filed in superior court by Godfrey J. Andrist, of Huntington Beach, executor.

A petition for letters of administration in the estate of the late

Sidney Smithwick of Santa Ana who died on November 23, has been filed by Elizabeth Smithwick, widow. The estate is valued at not more than \$10,000, according to the petition. Orange county heirs listed are the petitioner and four sisters, residing in Santa Ana, Mrs. Ben Gerome, Mrs. Bertha Waring, Miss Lure Smithwick and Mrs. Mattie Broadhag.

## Here's Wonder-Cut wheat bread

## Far Better Than WHOLE WHEAT

Far better! This means easier to digest and far more nourishing—thanks to

## BALANCED-BLEND

**H**ere's Wonder-Cut Wheat Bread, the wheat bread that actually tastes like cake. No wonder that people call it "the successor to whole wheat." It's much easier to digest. Children

and grown-ups alike eat it because they like it!

Thousands thank our Balanced-Blend for this better bread. Balanced-Blend is simply this: the perfect blend of stone-ground whole wheat

flour and short patent flour. Hundreds of blends were tried. Only one was perfect. That's our Balanced-Blend.

And what a difference Balanced-Blend makes! Just taste a slice of Wonder-Cut Wheat Bread. You'll eat many more slices before you're through! It tastes better than any whole wheat bread can taste. Tastes like delicious cake! Serve it and see! Ask for Wonder-Cut Wheat Bread!

COME ON, DEAR  
TELL US HOW  
YOU KEEP SO  
GOOD LOOKING

AND TO HERSELF:  
She thinks  
I'm fooling, but  
I'd give my  
arm to  
find out

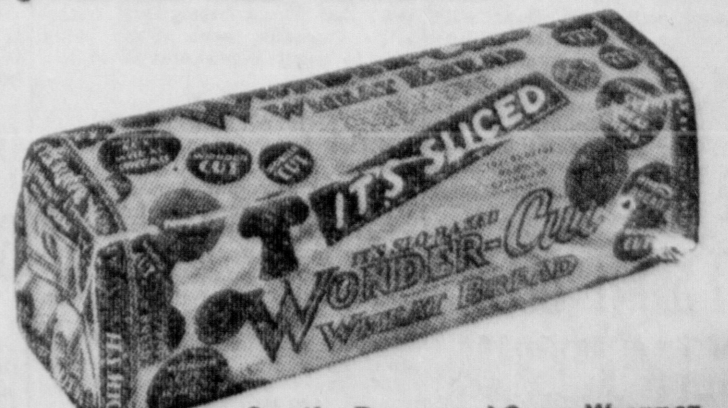

YES, DO... WE  
GIRLS ALL WANT  
TO KNOW

AND TO HERSELF:  
I'll bet she diets  
and exercises  
and spends plenty  
on doctors

THANK THESE MEN FOR  
BALANCED-BLEND!

Two experts! Two years! That's the quick story of the discovery of Balanced-Blend. Hundreds of blends were tried. All but one were discarded. This blend—our Balanced-Blend—is the reason for the goodness, and for the popularity, of Wonder-Cut Wheat Bread. Serve it today. You'll be glad you discovered it!

See the Brown and Green Wrapper

## THERE'S NO SECRET ABOUT THIS

Slender figures and youthful health are not hard to win! The right kind of food and proper exercise do more than any "treatments" and trick diets. The right kind of food includes Wonder-Cut Wheat Bread. And don't forget: it tastes like cake!

## WONDER-CUT WHEAT BREAD

*The Successor to Whole Wheat Bread*

# Late News From Orange And Nearby Towns

## Board Orders Water Main Work To Aid Unemployed

### ALLEY OPENING IS ORDERED BY CITY COUNCIL

ORANGE, Feb. 3.—Giving employment to a number of men in need of work and effecting a saving at a time when cast iron pipe is the cheapest it has been for many years, work of laying new water mains in the city of Orange was planned at a meeting of the Orange city council yesterday.

Three jobs costing approximately \$3500 will be included in the program and three districts will be given first protection which were without it before. The districts are on East Collins avenue east of North Handy street, on East Walnut east of Handy and in the Nutwood tract. In the latter district two fire hydrants will be installed and in the two former, three hydrants will be placed. Some homes in these districts at the present time are entirely without protection and a two-inch pipe served property owners with water.

The two-inch pipe is to be replaced with six-inch pipe, and some four-inch pipe. About 4500 feet will be purchased, 450 feet of the latter and the rest in the six inch size. A wage of \$3 a day will be paid.

At some future time a 14-inch pipe is to be laid on North Batavia street, it was said.

The city attorney, H. L. Dearing, was instructed to start proceedings to open the alley extending from the Plaza square to East Almond avenue. The alley is in the rear of the 100 block on the east side of South Glassell street, and efforts to open it have been balked by the failure to obtain permission of a few property owners.

Proceedings have been under way for some time and were brought to a head yesterday by W. H. Ehrig, owner of the building where the Orange Electric Service company is located at 187 South Glassell street, who asked for the opening of the alley. It was pointed out that the opening would relieve Glassell street of the heavy trucks delivering goods at front doors.

A request from the Orchard Heating Improvement company, asking that only a certain type of heaters be used in orchards was not acted on.

### Scout Court Of Honor On Thursday

ORANGE, Feb. 3.—A court of honor for the Boy Scout troop of the Orange American Legion will be held tomorrow evening at the Legion clubhouse at the regular meeting of the Orange post. The court will be in charge of Bob Graham, George Bickford and the troop Scoutmaster, V. M. Dennison.

M. B. Wellington, of Santa Ana, and Harrison White, Scout Executive secretary for Orange county, will speak.

### HOLD DISCUSSION ON 'CHILD, HOME'

ORANGE, Feb. 3.—Continuing their weekly discussions on "The Child and the Home," members of the West Orange P. T. A. Study circle met Tuesday afternoon in the home of Mrs. H. C. Meehan, South Pepper street. Mrs. C. C. Hatch presented the phase, "New Ideas in Obedience." Members took part in a round table discussion.

During the meeting, additional plans were made for the benefit party to be held the evening of February 12 at 8 o'clock in the home of Mrs. R. B. Newcom, 1032 West La Veta avenue. The Valentine motif will be observed at this time.

Among those present, other than Mrs. Meehan, the hostess, were Mrs. McGill, Mrs. Julius Saez, Mrs. Fred Krohn, Miss Edna Watson, Mrs. Pinley Roy, Mrs. C. G. Ingram, Mrs. Warren Case, Mrs. C. H. Adams, Mrs. C. E. Hatch, Mrs. Clara Haines, Mrs. John Waters, Mrs. G. C. Bradford, Mrs. Fabor, Mrs. Carl Sutton, Mrs. Lotia H. Brandon, and Mrs. R. B. Newcom.

The next meeting of the circle will be held the afternoon of February 9 in the home of Mrs. Saez, 176 Lester drive.

### Hold Party In Burd's Home

OLIVE, Feb. 3.—Mrs. O. Burd entertained at her home recently with dinner for Mr. and Mrs. Harry Caldwell and children, of Maywood, in observance of the birthdays of Mrs. Caldwell and Mrs. Burd, which fall on the same day. For the evening they were joined by Mr. and Mrs. H. O. Luchan and children, Howard and Josephine, Mr. and Mrs. Herman Meierhoff, Mr. and Mrs. Ed Meierhoff and daughter, Agnes, Mr. and Mrs. Walter Otto and daughter, Marlene; Mr. and Mrs. August Heine, and family.

The evening was spent at "500," high score being held by Henry Luchan and second high by August Heine. Refreshments of sandwiches, cake, cookies and coffee were served at a late hour by the hostess.

### WATER LEVELS NOT CHANGED, REPORT SHOWS

ORANGE, Feb. 3.—Very little change has been made in water levels in the Santa Ana Valley irrigation company wells, according to a report made at the annual meeting of the company yesterday.

Wells have been pumped longer this year than last, it was reported.

Former officers were returned to their places. Officers are: President, A. N. Saxton; directors, W. A. Greenleaf, L. L. Marchant, A. M. Robinson and C. A. Palmer. O. E. Mansur is secretary of the company and W. A. Ralph is superintendent.

The Bateria station was not present and old officers were automatically returned to their places.

The report was audited by John Dunstan, John J. Zieman and W. W. Perry. Mansur reported that on December 23, 1931, cash on hand totaled \$32,447.83. While no new ditches or extensions were laid last year, it was reported that the cement pipe was laid for relocations and replacements.

Water development included a well on the land purchased from the Robbins estate west of Batavia street with 24-inch casing down to 518 feet and 16-inch casing to 1086. A well on a site of Jefferson street was abandoned after it had been drilled to a depth of 662 feet as blue clay was encountered.

The Bateria station well has pumped better than 300 inches of water since it was completed for the balance of the season, since it was completed in July.

In regard to water conservation Ralph reported: "During the season of 1931 there was no water spread on the spreading grounds of the Water Conservation association. However, from December 31, 1931 to January 9, 1932, there was approximately 62,200 inches spread; and we are glad to state that the well constructed by the three counties at the mouth of the Santa Ana canyon to divert water onto the spreading grounds has fulfilled our expectations."

Plans today were nearing completion for the father and daughter banquet to be held Friday evening at 6:30 o'clock in the lower auditorium of the Christian church. The affair is a biennial occasion.

The Rev. B. E. Watson, pastor of the Central Christian church in Pasadena, will be the speaker. He will be remembered for the morning chapel talks he conducted last summer at the young people's conference.

Other program features are being planned by members of a committee including Mrs. V. A. Wood, Mrs. C. C. Bonebrake, Mrs. Walter F. Kogler, Mrs. D. G. Wettlin and Mrs. Leon Des Larzes.

### Levels In Water Wells Of City To Rise In August

ORANGE, Feb. 3.—Water levels in the wells of the city of Orange were down about four feet in the last year, Water Superintendent W. J. Richardson said yesterday. Richardson stated that the heavy rains of this winter would bring the levels up again in August when the water filters down to the strata where it would run into the wells.

### Members of C. E. Visit L. A. Park

ORANGE, Feb. 3.—The Junior Christian Endeavor members of the Menomotte church recently enjoyed a visit to Exposition park. The outing was arranged by their instructor. The afternoon was spent in going through two of the museum buildings. Those who made the trip were Floyd Sorenson, John James, Gordon Rohde, Max Pentecost, Andrew Pentecost, Marvin Killingbeck, Erna Killingbeck, Gladys Killingbeck, Patty Pentecost, Maurine Bell, Grace Marie Sorenson, Dorothy Fraser, Ruth Ward, Betty Lenderman, Twila Taylor, Florence Skiles, Miss Helen Campbell, Mrs. Andrew Campbell, Mr. and Mrs. Curly Corcoran and the Rev. F. S. and Mrs. Sorenson.

### Try Lydia E. Pinkham's Vegetable Compound

Cried Herself to Sleep All over . . . splitting headaches made life almost unendurable. She needs a tonic . . . Lydia E. Pinkham's Vegetable Compound relieves cramps.

### Orange Personals

ORANGE, Feb. 3.—Mrs. A. H. Hallock, 272 North Cleveland street, expects to leave this week for Louisville, Ky., where she will visit relatives.

Mrs. William Bamrick (Gladys Stamps), of Riverside, is the guest of her mother, Mrs. G. L. Niles.

Mr. and Mrs. Clarence Pfefferkorn, of Wisconsin, who are spending the winter in Southern California, were recent dinner guests of Mr. and Mrs. Raymond J. Potter, 511 East Palmyra avenue. For the present, the easterners are making their home in Anaheim. They are cousins of the Potters.

Sunday guests of Mrs. S. W. Andrews and Miss Adelaide Proctor, 283 North Orange street, were Mr. and Mrs. W. A. Proctor and daughter, Dorothy and son, William, of Santa Ana.

Mrs. I. E. Dalrymple, of Long Beach, was a week end guest in the L. E. Ralls home, North Handy street.

Mr. and Mrs. R. M. Ratliff and daughter, Esther, 273 North Lemon street, spent Sunday at Palm canyon.

Miss Mildred Binkley and Miss Lucille Ross, who attends Riverside Library school, spent the week end in Orange with Miss Binkley's mother, Mrs. Alice Binkley, 235 North Shaffer street.

Mr. and Mrs. W. T. Worachek, of Patton, spent the week end with Mr. and Mrs. B. T. Nesmith, 176 South Cambridge street.

Miss Emma Gunther has returned to Orange following a several month's stay at San Fernando hospital.

M. F. Corbitt has returned to his home in Illinois, having enjoyed a visit with his uncle, W. N. Parsons, of this city.

Mrs. H. E. Quandt and daughter, Harriet Quandt, of West Sacramento street, and Cecilia and Helen Nehrig, were in Saville Saturday visiting Mr. Quandt, who has been in the hospital there for the past four months. He had an operation on his arm two weeks ago, and although he is reported as getting along nicely, it is not expected that he will leave the hospital for some time yet.

Mrs. J. H. Noble, 172 South Cypress street, spent Saturday at San Diego.

Mr. and Mrs. C. E. Canterbury, of Canyon City, Colo., were dinner guests Saturday of Mr. and Mrs. Carl Opp and daughter, Joan, 454 South Grand street.

Mr. and Mrs. S. M. Patton, 402 North Glassell street, were in Montebello this past week visiting with their son-in-law and daughter, Mr. and Mrs. Paulsen's mother, Mrs.

P. G. Paulsen, of Ogden, Utah. Mrs. Paulsen has been visiting in Southern California since Christmas, and arrived in Orange this past week for a several days' visit.

Dr. and Mrs. C. S. Parker, 909 East Chapman avenue, had as week end guests, Mr. and Mrs. J. S. Mathewson, of Riverside. Mrs. Parker and Mrs. Mathewson are sisters.

Mr. and Mrs. J. F. Richards, South Glassell street, had as dinner guests yesterday, the Misses Ruth and Ora Cartmell, of Santa Ana.

Philip Horsfield, of Santa Ana, and Miss Veneta Viau, of this city, motored to Redlands yesterday, accompanying home Miss Genevieve Allen, who had been a week end guest in Orange.

Mr. and Mrs. C. E. Heren, of Evanston, Ill., who spent five weeks in this city as guests of Mrs. May A. Parsons, North Grand street, have gone to Los Angeles, and are established in an apartment there.

Miss Audrey Teel, of Garden Grove, was a guest in this city Saturday.

Miss Helen Sherriss, of Buena Park, spent the week end in the B. E. Masters home, 357 South Center street.

Mrs. George Baier, 593 North Grand street, spent the week end in Banning with her mother, Mrs. Mary Peterkin. Mrs. Peterkin has been ill for some time, but is reported improved.

Miss Theodora Mueller, of Burbank, spent the week end with her mother, Mrs. Louise Mueller, South Olive street.

Miss Betty Adams, 132 South Clark street, entertained a trio of friends at a slumber party Saturday night. Those present were Miss Cleotha Alt, Miss Leota Worthington and Miss Myrna Minton. Miss Betty served a delectable dinner to the group at 6:30 o'clock.

Sew and Sell club members will have a benefit party Thursday evening at 8 o'clock in the home of

### HOLD FUNERAL SERVICES FOR T. J. KEISER, 77

ORANGE, Feb. 3.—Last rites for Thomas J. Keiser, 77, were conducted yesterday afternoon in the chapel of the Gligory funeral home, with the Rev. L. V. Lucas, pastor of the Methodist church, officiating. Interment was made in Fairhaven cemetery.

Musical numbers were given by Miss Elsie Parsons, who sang "Rock of Ages" and "Beautiful Valley of Eden," accompanied at the organ by Mrs. J. E. Donegan.

Pallbearers were Jimmie Green, George Ryan, J. E. Baker, G. A. Nuffer, Thomas Green and W. E. Gilton, of Orange.

Mr. Keiser had lived in this community for 28 years and passed away Saturday in the family home, 506 East Almond avenue. He leaves two sons, Delbert Keiser, of Orange, and Vernon Keiser, of Los Angeles; a brother, D. W. Keiser, of this city, and a sister, Mrs. Mary Trobaugh, of Fairfield, Neb. Mr. Keiser's wife passed away four years ago.

Mrs. Florence Ober, 245 South Lemon street, five hundred will be played. The regular all-day meeting of the club will be held Friday in the home of Mrs. Della Athey, North Grand street.

Mr. and Mrs. J. F. Lewis, 545 North Glassell street, had as week end guests, their son-in-law and daughter, Mr. and Mrs. Richard Stephens Jr. and children, Sue Ann and Richard, III, of Beaumont.

Mrs. May Kelsey, South Orange street, is in Ontario visiting with Mrs. H. Long.

### Dam Keeper Marooned By High Water

ORANGE, Feb. 3.—Marooned at the Santiago dam, C. B. Redmond, keeper of the dam has been unable to return to his home in the Santiago canyon since Monday morning, it was learned here today from Mrs. Redmond. Mrs. Redmond stated that the creek has been a raging torrent since the heavy rains of this week.

Snow from Saddleback and Modjeska's have added to the creek waters. The rainfall amounted to 3.17 inches for the storm. For the season rain has been 18 inches. As Redmond could not be reached this morning the number of acre feet in the Santiago dam could not be ascertained, but before the last rain, 14,000 acre feet had flowed into the dam.

The Redmonds are building a home at the dam site, the foundation of which was laid last week.

### COMMITTEE ON WELFARE STORE READY TO MEET

ORANGE, Feb. 3.—A meeting of the committee named to investigate the policies and personnel of the Orange Community Welfare board will be held tomorrow morning at 9:45 o'clock in the Chamber of Commerce rooms on the plaza square.

The appointment of the committee was suggested at the meeting of the board held Friday and a decision is to be reached as to whether the board will continue to operate the store on South Olive street as a store with articles to be sold or whether it will be operated as a clearing house for used clothing and articles donated to it.

The investigation was made at the instigation of the Rev. Franklin H. Nickel, pastor of the First Christian church. O. M. Rodieck, treasurer, who made the suggestion that the policy of the state be changed, said yesterday that since Christmas, \$303.73 had been spent in welfare work and that of this sum \$328.50 had been spent before he took over the office of treasurer January 6 and when provision for Christmas baskets was made. Since January 6 to January 29, \$77.16 was spent from the treasury and about \$80 from proceeds from the sale of wood cut and the store and from the sale of articles in the store.

and before becoming a resident of this city more than 12 years ago, she was employed in the adjustment department of the Firemen's Fund Insurance company in San Francisco.

### MRS. MYRTLE A. BAY ASKS RE-ELECTION

ORANGE, Feb. 3.—Mrs. Myrtle E. Bay, who has served as city treasurer here for the past two years, today announced that she would be a candidate for re-election at the election this spring. Before her election as city treasurer, Mrs. Bay served in the city tax collection department for two years as assistant collector. Before her work on the city staff, Mrs. Bay conducted an insurance office here.

## LET'S GO SHOPPING

Betty Ann

### Social Arranged For Girl Scouts

ORANGE, Feb. 3.—Meeting yesterday evening in the Orange public library, the Girl Scout community committee made plans for a social affair to be held in the near future. Mrs. Ernest Ross, chairman, presided during the meeting.

Those present included Mrs. Ross and Mrs. E. H. Smith and Mrs. Robert Johnson, Villa Park; Mrs. George Goetch, Mrs. F. E. Holman and Mrs. Reed, and the three leaders, the Misses Genevieve Conger, Grace Robertson and Dorothy Kern.

## INFORMATION DEPARTMENT

"BUY IT IN SANTA ANA"

### Auto Bodies, Tops, Auto Painting—Ph. 337

Expert Fender and Body Repairing. Sport tops, side curtains, sedan decks, auto trimming and auto glass replacements. BROOKS & ECHOLS, 665 W. 5th St. Have your car painted NOW. Perrin's Lacquer Shop will do the job properly at right price.

### Auto Insurance—MOORE & CHENEY Tel. 3860

Managers for the Farmer's Inter Insurance Exchange. You don't have to be a farmer to take advantage of the low cost. Licensed by the State of California. E. Ray Moore res. phone 3315; W. J. Cheney 5159.

This is not a cheap set—it gets distance and gives real performance.

Trade in your old radio or piano—full value will be allowed in trade.

Free Trial—You may have this set on a 30-day free trial basis. If at the end of 30 days you are not entirely satisfied you may exchange it on any other set in our stock and you will be allowed any money paid.

SANTA ANA MUSIC CO.

OPEN EVENINGS

### SUPERIOR SCHOOL OF BEAUTY, 410 N. Main—Don't blame anyone but yourself if you let this golden opportunity slip by you

—Permanents \$1.00, \$1.35, \$1.50, and Combination Waves at \$2.50, which includes a FREE haircut and two months' FREE care for all permanents. Others before you have been amazed at the beautiful, skillful work performed by these highly trained students, where nothing but the fine grade materials are used. Phone 234 for appointment.

### JETER'S VACUUM CLEANER

STORE AND REPAIR SHOP, 719 1/2 E. First, Cor. Lacy. When the old vacuum starts acting up, take it to JETER, no matter what make it is, he's better equipped than ever since moving to his new location at cor. FIRST and LACY to take care of all repairs on vacuum cleaners. Also, rebuild cameras as good as new. Investigate the price of these rebuilt vacuums before you allow yourself to be soaked for a new one where the prices are not in line with the present wage-earnings. All repair work will be called for and delivered by JETER, Phone 2150.

COCHENS, The Artist Photographer, 304 N. Sycamore.—Art and originality are apparent even in the folders made especially for those artistic portraits by COCHENS. Expensive machinery and high-priced workmanship are both responsible for the always "different" in photographic art that comes out of the COCHENS studio of photography. There is not only the true likeness of features; there is much more, a study in character of the individual personality, which makes COCHENS portrait something to like, something that will last, drop in and see his remarkably

beautiful display of portraits and scenic photographs.

CALIFORNIA FOOD STORE, 115 E. Fourth.—Wherever two or three heads of households are gathered together you may be sure of hearing a discussion of foods. The "CALIFORNIA" still holds rank in favoritism among the ones who KNOW—the buyers of foods for home consumption. The meats can be depended upon absolutely to be fresh daily from the packing house; the fruits and vegetables "crisp" their own story of perfection; the delicatessen invariably displays something new in imported delicacies, with constantly new stock of the old favorites; the bakery and dairy products always A-1 at the CALIFORNIA, and of course anything and everything in high-grade staples. WHY GO ELSEWHERE? Play SAFE and SAVE at the CALIFORNIA.

### GREEN GABLES, 2115 N. Main

—EASTER is in the offing—and not far off at that. A March Easter means an April wardrobe month ahead. And GREEN GABLES is preparing for the "blossoming" of the season with new arrivals of silks, summer wools, knit sports and many other favored materials, almost daily. If the gay apparel coming in is any indication, this "spring fever" will knock last season's depression garment clean out of date. Personal courteous attention awaits you at all times at GREEN GABLES, "Your Fashion Shop."

### HASKIN'S DONUT KITCHEN,

HarCADE Bldg.—The Short Cut to the New Post Office.—There are doughnuts and doughnuts—these sadly relate the "victims" who don't shoo—but the apt-span DONUT SHOP just getting up steam in Suite 24, ARCADE, proves with the first bite of its fluffy brown product that here is a real doughnut—a Big Balloon SPARE for Johnny when he comes from school with a "flat."

### MARSHALL DRAPERY CO., San

torra Bldg., Broadway at 2nd.—Half of the job of shopping is finished when we know just WHERE to get just WHAT we WANT. In the matter of drapery, it's MARSHALL, the Drapery Man, Phone 23, because he has the correct styles, the best materials that can be bought, and gladly offers you the benefit of his years of experience in choosing the right thing for the right place, and this is FREE of charge to you. Don't fail to investigate over No. 23, before you have entirely committed yourself, else there's a disappointment in store for you. When downtown, take a look at those MARSHALL show windows in the Santerra Bldg. But if you are not downtown, call 23, and Marshall, the Drapery Man, will bring his portable "show windows" to your home.

### H. R. TROTT, Professional

Watchmaker, 506 N. Broadway—Clockphone 5252. Have you been to the CLOCK Store? There's a real treat awaiting you. There you'll find every kind of clock made for the last hundred or two years, or copies of same, and the quaintest little cuckoo clock that honestly cuckoos. Be sure to visit Santa Ana's unique Clock Store during the National Clock and Watch Cleaning and Jewelry Repair month, FEBRUARY. There's a "clean-up" due you in more ways than one.

### GRAND CENTRAL CANDY

KITCHEN, CENTER Grand Central Market.—Lace paper hearts are all very well, but Valentine says those "Kandy Kitchen" home-made chocolates are SWELL! Their sweetness will stay long past the twenty-four limit of Valentine's Day. Price is so low it sounds like a trick—and boy, do they click!

### R. A. TIERNAN TYPEWRITER

CO., 401 W. Fourth.—There's a giant chorus of mixed voices—business, professional, artistic, romantic, voices from every line of work requiring the typewritten page—singing the praises of the New Smith-Corona portable, the STERLING MODEL. It's a marvel of efficiency and effortless operation, as well as time saving in the matter of typing. It pays for itself in a thousand ways, and when they've shown it you at TIERNAN'S you'll just TAKE it.

### PLATT AUTO SERVICE, 3rd &

Bush.—If it's for the automobile, you can get it at PLATT'S, and whatever it is, washing, polishing, pump servicing, greasing, repairing, re-tiring, battery and battery servicing, it will be 100 per cent if you get it at PLATT'S; 100 per cent SERVICE at this service station has made their 100 per cent slogan famous. You can park a whole month at Platt's for the amount it will cost you for two little tickets from the police department.

### LAMBROS SHINING PARLOR

Opposite KRESS Store—Phone 3385-J.—You probably never thought of shoe-shining and dyeing as a science; nevertheless, it is just that. Lambros assures us, then proceeds to SHOW us how it is done; this very fine dyeing of shoes so that they look exactly as they did when they came from the factory; and the shine at Lambros twice as long and looks nine times as well as the average shine. The paste and the workmanship are of the highest order, which accounts for the superiority of your service at LAMBROS, no matter what that service may chance to be. Shoes of leather, satin, moiré, suede, silver dancing slippers, have 96 different shades to choose from matching up with the wearer's ensemble.

### GREEN CAT CAFE, 415 N. Main

—Why do the clubs, the frat, organized conference banquets, and just people, always choose the GREEN CAT for their big spreads? You may be sure there are more reasons than one for this blatant favoritism. Always FIRST, of course, comes the consideration of food for such occasions, and there is NONE BETTER, in variety and deliciousness, NEXT, comfort, luxury and charming atmosphere of surroundings. All these and more at the GREEN CAT.

## WELFARE WORK IS DISCUSSED IN BUENA PARK

BUENA PARK, Feb. 3.—The welfare committee met at the Woman's clubhouse immediately following the Kiwanis club meeting last night. The Rev. W. L. Newman, chairman, announced the wood yard plan had been found impractical for Buena Park. C. L. McComber's report was read regarding beet ranchers who will hire unemployed men. Over 200 acres were included in the list.

Names for this work will be taken from the names listed at the chamber of commerce office. These names will be available to the ranchers. Herbert Bixby, who has charge of the chamber of commerce office, asked that ranchers assist by reporting those who have taken this work to avoid duplication.

Thinning of beets in the Los

Alamitos district will be started in about 10 days. Beets in the vicinity of Buena Park are about six weeks later. An unskilled worker will earn about \$1.50 for the first few days. As he becomes used to the work, \$2.50 or \$3 may be earned. It was suggested that the men undertake this work in groups.

Arni Nelson, resident of Buena Park for many years, gave a brief review of the sugar beet industry in this section of the state. The first factory was built at Chino and all white labor was employed at that time. Later the factory was built at Los Alamitos.

L. T. Wilsey suggested that ranchers needing day labor in spring work, draw employees from lists at the chamber of commerce office.

Mrs. Harry Horn reported that funds and supplies were available for emergency cases. A future meeting of the committee is subject to call from the chairman, the Rev. W. L. Newman.

### BALD EAGLE PLENTIFUL

OCRA COKE ISLAND, N. C.—The bald, or American eagles, are very numerous here this year. An adult eagle weighs 15 pounds with a wing spread of six or seven feet. The eagles live off or other birds, chiefly ducks.

## FRUIT PATROL SEEKS CHICKEN THIEVES; FINDS WHISKEY STILL

After trailing a car to a shack near Buena early yesterday morning, Orange county officers found Sotero Sanchez in bed with his muddy shoes on while nearby a still was bubbling merrily. Sanchez's feigned slumbers were interrupted and he was brought to the county jail to continue his doze.

Robert Sandon, investigator for the district attorney's office; Deputy Sheriff Swayze and Duhart of

the fruit patrol, were in the raiding party. The officers found a still running full blast, and in the car they had trailed to the shack were 20 gallons of mash. In a can inside the shack were 10 gallons more and one half gallon of alcohol. Sanchez today faced a charge of owning and operating a still.

The raiding officers said they were seeking chicken thieves when they happened to stumble into the whiskey still.

## TRAVELER GIVES INTERESTING ACCOUNT OF RUINS, LIFE AND CUSTOMS IN SOUTHERN MEXICO

An interesting account of the ruins in Mexico and of schools and customs of the people of that country was given The Register today by Dr. C. N. Thomas, of Santa Monica, who is arranging the International Fellowship meeting to be held at the First Methodist church here next Friday afternoon and evening in the interests of better relations with the neighboring republic. The story of his recent trip to Southern Mexico follows:

Eighteen months ago, I traveled half of a city block, and about 40 feet in height. This structure was built of sandstone, the blocks being 18 inches long, about four inches wide, and an inch and a quarter thick. These ancient builders had neither iron nor copper tools to work with. They had to use flint rock to smooth the blocks of sandstone, and their workmanship was so perfect, that these blocks were laid on top of each other without cement to bind the buildings.

"At the ruined city of Mitla there are a number of buildings, well preserved, the largest cover-

ing half of a city block, and about 40 feet in height. This structure was built of sandstone, the blocks being 18 inches long, about four inches wide, and an inch and a quarter thick. These ancient builders had neither iron nor copper tools to work with. They had to use flint rock to smooth the blocks of sandstone, and their workmanship was so perfect, that these blocks were laid on top of each other without cement to bind the buildings.

"Connected with this structure is a hall, part of which is still preserved, that would have had a seating capacity of possibly 1000. The roofing is gone, but some of the stone pillars, about 25 feet high and about three feet in thickness, are still standing. It is claimed by archeologists that evidently this building was used as a banquet hall by the priests and nobility of these ancient people.

**School Standings.** "Possibly of more interest to me personally, was my visit to their so-called normal school, which would rather rank as a junior high school here. It was a co-educational school and many of the youths were strikingly handsome. They were practically, with few exceptions, full-blooded Indians, belonging to the Oaxaca tribe who are the descendants of the Mayans who built the ruined cities in Yucatan.

"In this school, they had a teacher of the English language, and I learned that about one-fourth of the student body were studying our language. What is true in this school, is practically true all over Mexico. Thousands of the youth in that land realize the value of studying English, and this will have far-reaching consequences on future relationships between our country and that land.

"The entire population of the state of Oaxaca, number fully 98 per cent full-blooded Indians. They are possibly, the finest Indian tribe in the world. They have a wealth of innate ability which is manifest in their remarkable handy-craft work and also in the exquisite architecture of the city of Oaxaca. A love for the beautiful is expressed in flowers and shrubbery.

**Enjoy Festive Affairs.** "One other striking impression was made on my mind, and that was their capacity for using their leisure time by festive affairs into which they enter with a zest and an abandonment that is gripping. These people know how to amuse themselves. The children are especially fond of wearing little masks at their play and games. It was also interesting to note, that they are beginning to adopt more and more our sports such as baseball and basketball. The people seem clean, very courteous, exceedingly kind.

"I have never been in a country in all my varied travels where the climate is more delightful than in that state. The soil is very productive. The topography is similar to Santa Clara county in our state with a wide valley, hills in the distance and richly watered. It is not surprising at all that Cortez finally built his palace here and got control of a vast area of land and made that his final home in Mexico.

"The Oaxaca Indians have played an important part in the national life of Mexico. President Diaz and their great leader, Juarez, are the George Washington from this state. There are many other leaders from Oaxaca also."

## To Attend Ground Breaking Event

Orange county organizations of the J. B. Ransome corporation will attend the ground-breaking ceremonies for the new \$2,000,000 Chrysler automobile plant on the east side of Los Angeles tomorrow, according to Walter J. Morgan, Santa Ana representative.

In addition to the Santa Ana organization, the Paul Fredell organizations of Orange, Anaheim and Fullerton will attend the event. Coincident with the Chrysler announcement, the Ransome organization has announced a gigantic sale and development program for their properties.

**FOR KIDNEYS**  
**FOLEY'S**  
PILLS  
DIURETIC  
Many backaches, "signs" of rheumatism due to faulty urinal elimination, have been relieved by this harmless aid. At all druggists. Only 60¢.

## DROP EFFORTS FOR OIL LEASE AT G. G.

Lester Blankfield, Los Angeles, who has leased numerous pieces of land in Orange county during the past 10 years for oil companies and who for the past several weeks has been trying to assemble 1500 acres of leases in the Garden Grove area with the intention of drilling a well, said today that his company had withdrawn from the area due to lack of cooperation from the ranchers.

Blankfield said that the major oil companies, due to economic conditions, would not pay any more rentals or bonuses on lands when under lease for a wildcat well.

## Rebuilding Frost Damaged Trees Is Radio Topic Soon

The schedule of daily radio talks given on agricultural and allied subjects, under the auspices of the agricultural extension service and station KFI, is announced for the week beginning February 8. The talks are presented at noon each day, as follows:

February 8, "Walnut Question Box," M. H. Kimball, assistant farm adviser, Los Angeles county; February 9, "The Outlook for Potatoes, Beans, Asparagus for 1932," F. H. Ernst, assistant farm adviser, Los Angeles county; February 10, "How to Plant a Lawn," E. S. Kellogg, agricultural commissioner, Santa Barbara county; February 11, "A Talk on Water Conservation," Judge Harold Ide Crusan, vice president, Los Angeles conservation association; February 12, "Rebuilding Frost Injured Citrus Trees," V. F. Blanchard, farm adviser, Ventura county.

## Presbyterians At Los Angeles Meet

A delegation from the First Presbyterian church of this city, including the Rev. O. Scott McFarland, pastor; W. D. Kring, director of religious education; O. G. Dowds, Harry Lewis, Leon Landersbach and John Bichan, attended a dinner meeting at the Immanuel Presbyterian church in Los Angeles last night for the purpose of receiving instructions relative to the Every Member canvass soon to be conducted by the Presbyterian churches of Southern California. The Santa Ana church will hold its canvass March 13, according to the Rev. Mr. McFarland. The conference was held under the auspices of the Los Angeles Presbytery and was addressed by Dr. J. Timothy Stone, president of the Chicago Theological Seminary and co-pastor of the Fourth Presbyterian church of Chicago.

## PROHIBITION NECESSARY TO ATTAINMENT

Speaking on prohibition over KREG yesterday during the W. C. T. U. period, the Rev. A. F. Hassel, pastor of the Costa Mesa Community church, showed how only under prohibition can the purpose and intent of the preamble of the Constitution be attained.

The first aim listed in the preamble is to establish justice and the speaker showed that liberty, health, education, food, shelter and pursuit of happiness cannot be insured to all the people under a regime cursed with alcohol. In speaking of those seeking repeal he asked, "Have such men a sense of justice in seeking to impose their will upon the will of the majority?"

The pastor showed how prohibition has increased domestic tranquility by removing the effects of alcohol in the home. "The strife at home in political ranks over the wet and dry issue is full evidence that the liquor forces are inspired of him who is the everlasting cause of dissension."

If the common defense is to be provided for, then sober men are necessary and in a nation that fosters alcoholism in a large percentage of its men ceases to be in full possession of their faculties and incapacitate themselves for public service, the speaker declared. "If the amount consumed in our country for liquor were to be used for education, what an addition it would make to the power of the American people to resist an enemy at home or abroad."

"Prohibition rigidly enforced will add to the grand total of all elements that promote general welfare. Give it a chance and we shall be able to demonstrate this fact with such conviction that alcoholism will in a short time be banished from all the nations."

We are not securing the blessings of liberty to our posterity as we should until we rid ourselves entirely of liquor, the pastor stated. Alcohol deadens a nation's and an individual higher sensibilities. "If we desire to give our children the full benefit of the marvelous inheritance which is ours under the flag we must annihilate greed and avarice from our body politic."

led by Dr. J. Timothy Stone, president of the Chicago Theological Seminary and co-pastor of the Fourth Presbyterian church of Chicago.

Old time dancing Thurs. Eve. 8:30, 213½ E. 4th.—Adv.

## KOTEX Now at a new low price

KOTEX reduces prices. Now, women who want the best, the most comfort-giving sanitary protection can easily afford it. And they are assured of the utmost protection to health... when they choose Kotex.

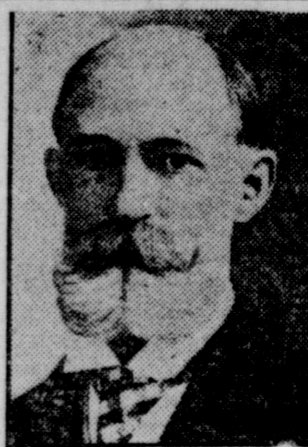

No question mark hovers over Kotex. No incessant doubt as to how it was made, where, under what conditions.

Kotex, you know, is cut, folded, even packed by machine. Made of tested materials. In air-washed rooms. Inspected 76 times during the course of manufacture.

The fact that hospitals used 24,000,000 Kotex pads last year is reason enough for selecting Kotex. When buying it wrapped, make sure you get genuine Kotex.

Never pay more than 35¢

# To The Citizens of Santa Ana

The proverbial Biblical story of the unwisdom of hiding money away instead of using it, is as true today as when first uttered two thousand years ago.

The financial institutions of this city can discharge their duties to depositors, and in a large sense to the whole community, only by the maintenance of general confidence.

When depositors, acting upon vague rumors withdraw their money on deposit with their financial institutions and put it away in safe deposit boxes or hide it in their own homes, they only add to the general existing depression, and may produce an incalculable amount of harm to Santa Ana.

The undersigned take the liberty of calling upon every citizen of Santa Ana to do his share in maintaining confidence in this city, whose financial institutions and business industries are essential for the welfare and happiness of every one of its inhabitants.

# HUDSON breaks with the Past and gives you in these new cars A PRE-VIEW OF THE FUTURE!

A word nobly to thrill the spirit and to quicken the pulse — PACEMAKER!  
A car richly to deserve the word—the 1932 HUDSON Eight!

**BEAUTY**—defined in the longer, lower, sweeping "speeds and streams" inspired by the airplane's grace:

**POWER**—flowing in steadiness and quiet, 101 full horsepower at 3600 r.p.m., from the most able high-speed, high-compression eight on the road today:

**FINISH**—gem-like clarity and brilliance of color complementing interiors in pastel tones—for the first time artistic unity in the automobile:

**PROGRESS**—a veritable wealth of equipment innovations of astonishing convenience, and not to be expected on other cars for months to come:

**CHARACTER**—an ingenuity of engineering design and an integrity of materials and construction to justify the industry's admonition: "Watch Hudson!"

**VALUE**—to the eye and by demonstration, literally by hundreds of dollars the most motor car for the money that you can buy.

You are not asked unreservedly to accept this estimate of the new Hudson. Indeed, we prefer that you do not, until you have seen and examined with care the cars themselves. When you have done that, you will

understand why, with proud confidence, we wish these cars to make their own impression. You will be welcome in any Hudson showroom, whether you intend purchasing a motor car at this time or in time to come.

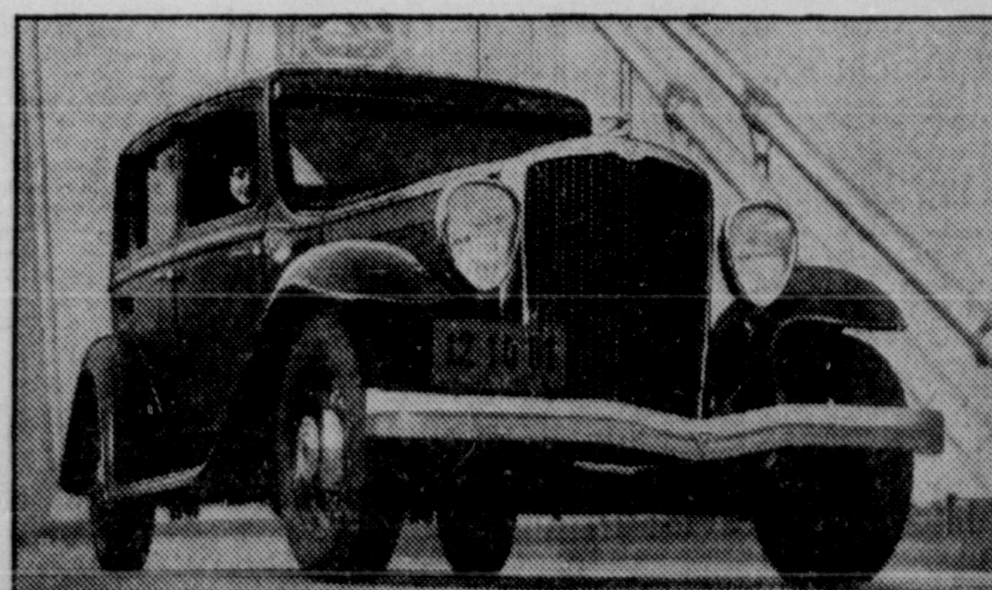

## THREE SPLENDID NEW SERIES OF GREATER EIGHTS

**MAJOR SERIES—132" wheelbase.** These richly styled large, imposing cars are replete with every convenience and the many extras that add so much to comfort and pride of ownership. Listing from \$1445 to \$1595.

**STERLING SERIES—126" wheelbase.** Especially designed to meet the requirements of those who desire an extra roomy and luxurious car with appointments in keeping. Listing from \$1275 to \$1295.

**STANDARD SERIES—119" wheelbase.** Complete in every essential detail with many betterments not to be had in other cars priced hundreds of dollars higher, this series will appeal to a vast army of buyers. Listing from \$995 to \$1095.

3-DAY CITRUS  
SESSION OPENS  
ON FEBRUARY 9

Three days of informative sessions for all citrus growers will bring to Orange county next week a number of farm leaders and specialists to discuss the latest developments in the citrus industry. The sessions, which are held annually under the auspices of the farm advisor's office, the University of California, and the citrus growers' department of the Farm Bureau, are scheduled this year for February 9, 10 and 11 at the old auditorium of the Fullerton Union high school.

Subjects which will be considered include cultivation, irrigation, fertilization, pruning, economic status of the industry and the control of pests and diseases.

The detailed program has just been released by Farm Advisor Harold E. Wahlberg, as follows:

February 9, 10 a. m., "Soils in Relation to Plant Growth," W. R. Schoonover, extension specialist in citrus culture, Citrus experiment station, Riverside; 11:20 a. m., "Laboratory Demonstration of Organic Matter Differences in Soils," J. B. Brown, extension specialist in irrigation, Davis; 1:30 p. m., "The Soil as a Reservoir for Water," J. B. Brown; 3 p. m., "Citrus Irrigation Recommendations in Orange County," S. H. Beckett, professor of irrigation investigations and practice, Citrus Experiment station, Riverside.

February 10, 10 a. m., "Fertilization Practices for Orange County Orchards," W. R. Schoonover, 11:30 a. m., "General discussion on soils and irrigation," 1:30 p. m., "Cover Cropping Practices in Orange County," Eric E. Eastman, assistant farm advisor, Orange county; 2:15 p. m., "Reducing Orchard Costs to Meet Lower Prices," Harold E. Wahlberg, farm advisor, Orange county; 3 p. m., "Increasing Orchard Efficiency—The Tree as a Unit," H. J. Wilder, farm advisor, San Bernardino county.

February 11, 10 a. m., "Citrus Pest Situation in Orange County," A. A. Brock, agricultural commissioner, Orange county; 10:30 a. m., "The Place of Spraying in the Pest Control Program," R. H. Smith, entomologist, Citrus Experiment station, Riverside; 11:15 a. m., "The Place of Fumigation in the Pest Control Program," H. J. Quayle, entomologist, Citrus Experiment station, Riverside; 1:30 p. m., "The Citrus Situation," C. C. Tague, president, California Fruit Growers' exchange, Los Angeles; 2:30 p. m., "Reducing Tillage Costs," W. R. Schoonover; 3:15 p. m., "Economic Methods of Scaly Bark Control," J. L. Hewitt, deputy agricultural commissioner, Orange county.

## ENROLL FOR COURSE

William Bloodgood, of Anaheim, graduate of Pomona college, and Glenn Tranel, graduate of the Santa Ana Junior college, are included in the new students enrolling recently at the Orange County Business college for business training.

## BEHIND DEFENSES

Guarding American lives and property during the menacing situation in Shanghai, American bluejackets are pictured below as they appeared behind mobile barbed-wire defenses when trouble loomed once before in the Chinese city. This is a scene at the entrance of a bridge across Szechow creek, which separates the international settlement from the Chapei district where fierce fighting between Japanese and Chinese forces was reported.

GOVERNMENT  
MAKES STUDY  
OF IRRIGATION

Boron, one of the elements often found in irrigation water in Southern California and Nevada, in some cases threatens orchards and planted crops because the evaporating water leaves an accumulating proportion of boron in the soil solution and when this reaches a certain stage it has an injurious effect on trees and plants, says the U. S. department of agriculture.

The occurrence of boron has been studied in five regions of Southern California by the bureau of plant industry of the department. Details of the study appear in Technical Bulletin 264-T, Boron in Irrigation Waters, just issued by the department.

The five regions where boron occurrence was studied are: the valley of the Santa Clara river in Ventura county, the Simi valley in Ventura county, the San Fernando valley in Los Angeles county, the vicinity of San Bernardino and the coastal plain in southern Orange county. There is no general presence of boron in Orange county but it has been found in two or three isolated wells.

Boron gets into irrigation water from exposed outcroppings of soluble boron minerals, from subterranean deposits of boron minerals along the course of underground waters, and directly from volcanic gases dissolved in percolating waters.

Boron in small amounts has a beneficial effect on many plants, but when the amount is large, it damages the plants. It is possible in some instances to reduce the source of contamination or by diluting the boron water with quantities of pure water.

Copies of Technical Bulletin 264-T may be obtained free upon request from the office of information, U. S. department of agriculture, Washington, D. C.

Old time dancing Thurs. Eve., 8:30, 213 1/2 E. 4th.—Adv.

CHOOSE STAFF FOR  
SCHOOL PUBLICATION

At the first meeting of the Journalism class of the Frances Willard Junior High school election of staff members for the paper to be published was the principal business. The school paper is to be a class project and will be published every two weeks.

Staff members elected were: Victor Rowland, editor in chief; John McBride, assistant editor; Harvey Baker, exchange editor; Jack Wallace, boys' sports editor; Lorraine Clark, girls' sports editor; Archie Brock, feature editor. Reporters for the paper will be: Hubert Nall, Pauline Ramirez, Zola Weir, Earl Ruddy, William Roache, Marjory Matthews, Malcolm Smith, Mac Mansfield, Herman Saffer, George Helberg, Franklin Guthrie and Kensil Brown. Miss Vera Jacobs will be Journalism teacher and faculty advisor to the staff.

The paper will be mimeographed with Natalie Beaudette, Grace Everett and Evelyn Wagner typing the stencils under direction of Miss Bertha Briney. Kathryn McDermott and Barbara Davis, directed by Miss Marian Libby, will design a cover for each issue.

Commissioners  
Are Elected By  
Willard Students

Students of the Frances Willard Junior High school at a recent election named 11 commissioners for the new student body government. The new commissioners are: Archie Brock, John McBride, Jack Wallace, Earl Ruddy, Malcolm Smith, Florence Flood, Margaret Munro, Florence Light, Jeanette Klatt, Leola Schroeder and Berry Mellenhith. Nine of the commissioners represent the high ninth grade and two the low ninth.

The principal function of the commissioners is that of a student court, dealing with all cases concerning student affairs in so far as they are able. Specific duties are also assigned to the commissioners.

By GLUYAS WILLIAMS

PLANS ORDERED  
FOR CAFETERIA  
AT S. A. JAYCEE

The board of education last night decided to go ahead with its plan for building a cafeteria at the high school and junior college, with the cost not to exceed \$15,000 for building and equipment. Frank Lansdown, Santa Ana architect, was authorized to proceed with plans and specifications and will make a report at the board's meeting next Tuesday night.

The call for bids will provide that local labor and locally purchased materials are to be used. Rolla R. Hays and M. R. Youel had been named as a committee to report on the cafeteria scheme and last night Hays said he had requested Lansdown to prepare preliminary sketches of the proposed building. Lansdown presented a sketch showing a building located just south of the arcade between the junior college and high school buildings, and connected to the arcade with a smaller one.

Specifications

The sketch presented showed a dining room 46 by 60 feet in size, with two smaller rooms at the south end, one for a faculty dining room and coval training room and the other for a music class room. There would be accommodations for two lines of students passing the steam tables and food facilities which would be screened from the dining room. At the north end of the building would be a lunch counter and soda fountain, with a small candy corner.

Frame stucco construction, with double pine floors and concrete foundations were provided for in the tentative estimate. Lansdown suggested using celotex on the walls to minimize sound. The structure could be erected for \$12,600, Lansdown said. Elimination of the faculty dining room and smaller music room would bring the cost down to \$11,000, he estimated.

Relieve Congestion

This estimate would not include equipment, but D. K. Hammond, principal of the high school who was present, pointed out that the present cafeteria in the junior college building has equipment which could be used. The board hesitated somewhat over the possible cost of the structure, but it was agreed that something must be done to relieve congestion at the college. The cafeteria will be a large space for about three or four class rooms in the junior college building.

During the discussion it was pointed out that the shower building and equipment at the Frances Willard Junior high school, estimated originally to cost about \$25,000, had cost the board about 40 per cent more than that figure. Possible of using brick for walls was discussed but after Lansdown said he estimated this would increase the cost 20 per cent, the board decided it was impossible to consider it. Hays suggested that the brick in the old school building on North Main street be salvaged but it was thought that the cost of doing this and taking it to the cafeteria site would be about the same as for new brick. During this discussion Lansdown said he thought it would be practical to tear the old building down to one story and make a satisfactory auditorium from it.

The architect's commission will be on a basis of three and one-half per cent. The fee for supervision, when this stage is reached, would be two and one-half per cent.

A letter was received from Milo Berenson and Everett E. Parks asking that they be given consideration in selection of an architect to prepare plans. The letter was filed by the board.

New Orchestra At  
Moose Dance Hall

A new dance orchestra is opening regular engagements at the Moose lodge dance hall, beginning tonight, it was announced today by Ray Gerard, manager of the dance hall for the lodge.

The opening is scheduled to be a gala event, according to Gerard. The orchestra, known as Sam Garber's Los Serrano Country club orchestra, has just completed a two year contract with that country club. The orchestra, which plays a minimum of seven pieces, is to play in Santa Ana on Wednesday and Saturday nights.

## PILES

San Antonio—"Miraculous cures 35 years. Your miraculous salve, ointment healed me in three days." Priest River, Idaho—"... one night's application your ointment and hemorrhoids of many years' standing left me. They were hard as buckshot."

SKIN SORES ECZEMA

"Durant, Okla.—... my husband had cancer-like sores... after spending hundreds and four years' misery your wonderful ointment started relieving him in one hour." Dallas—"... had enormous bed sores defied healing six months. One application started healing immediately. Any patient not satisfied after one night's using immediately mailed check for full money back. Mail one dollar for jar of GACOR PAIN-ACER to GACOR COMPANY, 170 Otis St., San Francisco.

INCOME TAX  
RETURNS NOW  
BEING FILED

With the steady stream of persons applying at his office for advice and assistance in filing income tax returns, A. B. Pilch, deputy collector of internal revenue at the Federal building in Santa Ana, is expecting additional deputies within a short time. Pilch said that he expected the peak of filing to start about February 15. Returns must all be filed by March 15.

As an annual reminder, Pilch released information relative to those who must file returns and the basis on which returns must be made.

An income tax return must be made by every citizen of the United States whether residing at home or abroad, and every person residing in the United States though not a citizen thereof, whose gross income for the taxable year 1931 amounted to \$5000 or whose net income amounted to \$1500 if single, or if married and not living with husband or wife; \$3500 if married and living with husband or wife; or whose income was more than the personal exemption if status of taxpayer changes. A credit of \$400 may be claimed for each dependent under 18 other than husband or wife.

ARRESTED 3 MEN  
WITH STOLEN FOWLS

Three alleged chicken thieves were caught "with the goods" early yesterday by members of the Orange county fruit patrol at the F. W. Somet ranch on Chapman avenue near Garden Grove. Officers Ives Brown and Walter Duncan apprehended the trio as they were loading 48 hens and a rooster into their car, they reported today.

The men are C. C. Campbell, 34, of 1023 Mauretanian street, Wilmington; M. R. Wallace, 39, of Carson street, Torrance, and Henry Mack, 20, of the same address.

According to Brown and Duncan there have been a number of poultry thefts in the Garden Grove area recently and they are checking up to see if clues indicate that the trio is connected with the other crimes.

National 4-H Club  
Program On Air

A national 4-H club radio broadcast will be given next Saturday from 9:30 to 10:30 a. m., Pacific time. It was announced today by Assistant Farm Advisor E. E. Eastman. Patriotic music will be played by the United States marine band. 4-H club members will discuss various topics and the national 4-H club music achievement test will be discussed by R. A. Turner.

"Savings From Clothing-Club Work," "What I Learned About Trees From 4-H Club Work," "It Pays to Belong to a 4-H Club" and "A Long Alms" are topics of talks to be given by club members, leaders and directors. KFI and KFSD will broadcast the program in Southern California.

ARRESTS FOR  
BAD CHECKS  
ON INCREASE

A total of 264 arrests were made by the Santa Ana police during the month of January, just closed, the monthly report of Chief of Police F. W. Howard shows.

The number of arrests for the month was considerably less than the total for December, when 325 arrests were made. The report shows there was a total of 231 calls answered from the police station and that police officers on beats found a total of 63 doors unlocked during the month. There were 46 doors found unlocked during December, the first month that such a record was kept.

Persons arrested for drunkenness led the list of misdemeanors for January, there being 18. There were 30 arrests in December charged with drunkenness. Police arrested eight persons during the month, charging them with issuing fictitious checks against three arrested for that offense in December. Three men were arrested in January charged with burglary, against eight arrested for that offense in December.

Police arrested five charged with petty theft in January. There were 13 arrested on that charge in December. Six persons were arrested on liquor law violations and the December report shows four arrested for liquor law violations.

Traffic officers in the city increased their arrest totals over December, making 32 arrests in January, as against 18 in December, the report shows.

Of the total arrests made, 184 were for violation of city ordinances concerning parking and similar offenses. The month police report shows there were 11 automobiles reported stolen during January here, of which seven were recovered. In December there were 13 reported stolen and 13 reported recovered.

There were 10 bicycles stolen here during last month. Three of these have been recovered, the recovery of bicycles rarely equaling the record of the police in recovering stolen automobiles.

GETS JAIL TERM  
FOR NON SUPPORT

Now if M. V. Bidgood, former Santa Ana man, had not applied to the welfare agency at Santa Barbara for work stating that he had minor children to support, things might have been different.

As it is, Bidgood is in the county jail where today he is starting sentence of one year, on a charge of non support of minor children.

The court learned that he procured the work on the strength that there were children dependent on him for support, but the court also learned that he did not send any of the money he made to the children for that support.

Bidgood was arrested by Santa Barbara officers for the sheriff's officers several days ago and returned to this county for trial. He was found guilty in Justice Kenneth Morrison's court yesterday.

## Reunions and Picnics

## NORTH DAKOTA

Everyone from North Dakota is invited to the annual picnic reunion in Sycamore Grove Park, Los Angeles, all day, Saturday, February 6, President John R. Worst will be in charge. The program will follow the dinner hour and will include brief addresses and community singing.

## GONZALES TO PRESENT HIS DANCE BAND

these entertainers are: Ruth Etting, of Orange county, Miss Henri Scheffer, Joey Lee, a member of the orchestra and Bert Fax, also a member of the orchestra. Mr. Hamilton said that it is possible that Anne Scheffer, Henri's "little" sister, will also appear.

## 'STICKER' PROGRAM ON RADIO TONIGHT

Art Cannon's "sticker" program will be broadcast by KREG tonight by direct wire from the Anaheim studio at 7 o'clock. Bill Leahy, in charge of programs at Anaheim will be the announcer. For 30 minutes Cannon will play request piano numbers until someone suggests a number that he cannot play. The person making the first request that Cannon cannot play will receive a valuable prize.

Cannon presents these "sticker" programs twice weekly and the prizes for each program are offered by the Chapman-Wickett department store of Fullerton. The same store presents a grand prize each month. Listeners are urged to telephone their requests to Santa Ana 4900, Anaheim 3033, or Orange 136-W specifying the program on which the selection is to be played. The programs are presented Mondays at 6:30 p. m. and Wednesdays at 7 p. m.

**AVIATION SURVEY**  
BUENOS AIRES—South America is rapidly being developed by a network of air lines between the different countries. Argentina officials have just completed a survey of a line which will connect Buenos Aires and Asuncion, Paraguay, via the province of Entre Rios and Corrientes. This line will carry both mail and passengers.

**SHORT WILL**  
SANTA BARBARA.—Bequeathing his estate to his widow, the will of the late Dr. Harry M. Steel, written on the back of a bank check, was filed for probate here. It had 16 words.

## REQUEST COMMENT ON KREG PROGRAM

All actors, even the one who present skills over the radio like applause. To know that their skill is appreciated is not sufficient. It is encouraging to the actors when they receive constructive criticism of their act.

Studio officials of KREG are asking that listeners who have been enjoying "The Railroad Track Billions" write in any suggestions or comments they might care to make in connection with the program. They point out that so many very excellent programs are taken for granted by the listeners who merely have to tune them in. Any suggestion is not only appreciated by the artists but is a great help to studio officials in improving programs.

Another episode of "The Railroad Track Billions" is scheduled for presentation tonight at 6:45 for the 15 minutes Professor DeGullem and his companion "Horace the Shepherd" will entertain with another of their thrilling and side-splitting adventures.

## LORENE CRODDY TO PRESENT JUVENILES

Another Children's program, featuring 11 talented young people of Santa Ana will be presented tonight over Radio KREG under the direction of Lorene Croddy. Six of the young artists will entertain with vocal numbers. The others will entertain with readings and instrumental selections.

Children taking part in the program are Barbara Krueger, solo and readings; LaVerne Tait, vocal solo; Lawrence Harms, guitar; Evelyn Mae Nakayama, reading; Louell Swertz, guitar and vocal solos; Marjorie Fryatt, singer; Evangeline Fryatt, pianist; Marion and Celine Kinsel, vocal numbers; and Norbert and Delores Kinsel, piano solos.

## THREE VARIED PROGRAMS FOR STATION KREG

Three outstanding and contrasting programs have been arranged for presentation tomorrow over radio KREG. The first of these programs will be presented during the Woman's hour scheduled for 10 a. m. and will feature Adelaide Proctor and George Evans as guest artists. They will entertain with violin and piano numbers. Genevieve Knox, director of this program, has prepared for presentation during the program, some timely hints helpful to the housewife and appropriate for this particular time.

At 11 a. m. the Tustin high school daily program will be broadcast by direct wire from the Tustin high school auditorium. This program will feature George Kyle, head of the science department, in a talk on "Science and Social Problems."

The last hour period from 2 to 2:30 p. m. has been divided into two 15-minute periods featuring Musical Varieties offering some of the best known radio artists in a specially prepared program and the Russian Jesters in Russian music, songs and entertainment.

## NEW WEST COAST FILM

Charles D. Brown, Kay Francis, Marjorie Gatenon and William Boyd in a scene from "The False Madonna," which comes to the Fox West Coast theater today for a two-day engagement.

## "SEED" AT WALKER STATE OPENS TODAY

What is said to be one of the most absorbingly interesting screen productions of the current season has just opened today at Walker's State theater. It will close tomorrow night.

This is "Seed," a Universal picture, adapted from the novel of Norris' most popular novel, and presents an exceptional cast headed by John Boles, Genevieve Tobin, Lois Wilson, Raymond Hackett, ZaSu Pitts and Bette Davis. The story is said to trace events in the lives of a man, his wife and his former sweetheart.

**Excellent Human Fads**  
Believe it or not, the tendency of the human animal in general is along the line of least resistance, so, don't let anyone lead you out of your favorite fad. Fads, while they may be short-lived, do help the formation of constructive habits. Just remember this:

If you don't force yourself to constructive ways of living, destructiveness will step into your life with most disastrous results. Teach children the value of making good habits. Brushing of teeth is one of the common good fads you can craft on a child when he is just old enough to hold the brush handle and know where his mouth is. Order is another important "fad" you can start your small fry on very early in life. Every mother will know what I am talking about when I mention the value of teaching a child how to concentrate and how the possession of this habit can make the report card a succession of E's rather than D's and F's. I'll tell you about a simple little exercise in concentration tomorrow.

**TODAY'S RECIPE**  
**SPOICED HALIBUT**  
2 to 3 pounds halibut  
Salt and water for cooking  
1-2 teaspoon each of nutmeg, cinnamon, allspice and whole cloves  
Weak vinegar, hot  
Boiled halibut with egg sauce is a fish stand-by, so, on the day you plan to cook it, order this extra amount to put down in a pot with spices.

Halibut goes to pieces so easily after cooking you will find that it pays to tie it in a cloth while boiling, preferably cheese cloth—you can destroy it.

Have the water well salted and boiling. Wash the fish before tying in the cloth, slide it into the boiling water, cover and simmer briskly for 30 minutes. Lift out the cloth and drain well, then untie, and with a skimmer lift large pieces of the fish and place them in a wide-mouthed jar (a bean pot is ideal).

Measure out what vinegar you think you'll need, add an equal quantity of water, bring to the boil, add the spices and pour it over the fish. Cover closely and set it away in a cold spot until it is well pickled, usually a matter of two days.

Serve it as a relish, in salad, or with mayonnaise and toast, for a light, three-pounds amounting to 1425, largely protein. That's why you can safely use a little mayonnaise with this fish, even if you are pleasantly plump.

Inexpensive Winter Meals, the current leaflet, helps you to serve appetizing meals without making too much of a dent in the food budget. It's free this week. Just mail me your stamp, self-addressed envelope and it will come flying.

Thursday: Children love candy, so we'll gratify their love of sweets and give them something at the same time that will do them good if they have enuf colds. Tomorrow the recipe will be Horsehead Candy.

The only international telephone line out of Seaside is that which extends from Seaside and Belvedere into Yu-salvia. However, neglect for the extension of the Athens-Saloniki line to Istanbul Turkey is now being discussed by the Greek Ministry of Communications.

## KAY FRANCIS HERE IN NEWEST PICTURE

Kay Francis, with Conway Tearle and William Boyd are seen in "The False Madonna," new Paramount feature which comes to the Fox West Coast theater today for a two-day run.

The story deals with a gang of international crooks, of which Kay Francis is one of the chief decoys used to lure fortunes from wealthy men. It is when she attempts to pose as the dead mother of a rich youth in order to gain his property that she falls.

The story is strong in emotions of a woman who wants to turn from the path of lawlessness but who is bound up in it through her past and by the leader of the gang who holds a strong power over her.

## "BAD GIRL" STARS COMING TOMORROW

The stars of "Bad Girl" come back to the screen of the Fox Broadway theater tomorrow in another of the type of pictures such as made them famous. It is "Dance Team" starring James Dunn and Sally Eilers. James Dunn was unknown before "Bad Girl." Since that time he has gone straight to the top in the world known as Hollywood and his next picture will be looked forward to with much interest. Minna Gombell, who had a big role in "Bad Girl" also has a prominent part in the new film.

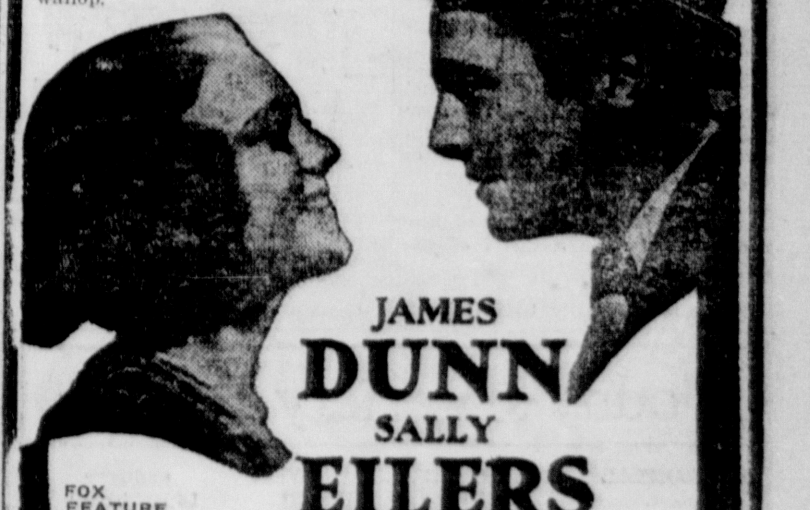

The plot centers around a boy and girl—a dance team—and their struggles for success, each working on the same dollar for dollar basis.

According to Raymond H. Getz, United States consul at Berlin, there are 65,000 long distance telephone calls daily passing through Berlin's long distance central office. Of these, 25,000 are outgoing, 30,000 are incoming, and 10,000 are in transit. In addition, about 30,000 calls are made daily connecting Berlin with its outlying suburbs.

# THE TINYMITES

STORY BY HAL COCHRAN—PICTURES BY KING

When Scout cried, "Come on, let's go!" the giant shouted, "Wait, now! Whoa! Where are you youngsters bound for? What do you intend to do? It will be foolish, you will find, to start with no real place in mind. Why, you would all be tired out ere a single day was through."

"You may be right," we Duncy said. "I'd rather hop into a bed and get a nice, long snooze. I'm tired enough to sleep real sound. But real adventures are we and we must see all we can see. We like to keep on traveling, no matter where we're bound."

The giant thought and then replied, "I have a plan which might be tried. Instead of walking over the hills, perhaps you'd like a lift. 'Course riding would be much more fun. You'd still feel fresh when day was done. Now, if you think my hunch is good, I'll make you all a gift."

"You bet!" cried Windy. "Gee, you're kind! And you can bet that

we won't mind accepting any good suggestions you may have to make. We must admit that we get tired, but by the fresh air we're inspired. In riding we'll sit very still and then our bones won't ache."

The giant then said, "First of all, my cat I want you to call. He's going to fit into my hunch, so get him here real quick." Of course the bunch were mystified, but when the great, big cat was spied they grabbed it by the tail. The giant said, "My, that was slick!"

He took his magnifying glass and cried, "Strange things will come to pass." And then he held it over the cat. The bunch began to shout, "He's getting big like us," one cried, "He's helping us with our ride!" The giant just smiled knowingly and said, "You'll soon find out!"

## BONERS

The president has the power to appoint and disappoint the members of his cabinet.

Boners are actual humorous tid-bits found in examination papers, essays, etc., by teachers.

The Fall of Quebec was a cold fall with a light frost.

A first aid kit should contain a hammer, a saw, a chisel and a crow-bar.

I find trouble with principal, rate, time and interest problems because I can't see what the man's annual income has to do with the problem.

A calorie is the amount of heat necessary to raise a quart of water a foot.

She was unearthly beautiful and

her voice was like that of a silent bell.

The rock of Gibraltar is the most mortified rock in the world. (Copyright, 1932, The Bell Syndicate, Inc.)

Dr. Fred Allison and Edgar J. Murphy of Alabama Polytechnic Institute have discovered that gold, platinum and five other chemical elements are mixtures of atoms chemically the same but different in weight.

## Improved Navel Outlook Pleases Exchange Managers

### MARKETING OF FRUIT IS TOPIC IN FULLERTON

FULLERTON, Feb. 3.—Optimism regarding the prices of navel oranges in the immediate future was apparent at the meeting of packing house managers from the Whittier district, Orange county and San Diego county last night at McFarland's cafe.

Although the managers and exchange executives present were reluctant to make any predictions about prices for the coming Valencia crop, all were agreed that there had been a very welcome advance in the market for navels with improved outlook for the remainder of the present shipping season. The fact that the maturing Florida crop of oranges is estimated at only 65 per cent of normal was another item of cheer for the managers.

Ben Cole, of Olive, president of the organization, presented a brief report on conditions of the oranges in each of the districts was given. Hal Pitt, new assistant general sales manager of the California Fruit Growers' exchange, spoke. Pitt came to Los Angeles from Chicago, where he was active in the work of the exchange. He talked about the marketing prospects for the future, stating that it would require extreme care to handle the crop the coming year.

A. E. Nelson, connected with the research department of the California Fruit Growers' exchange, talked, as did G. S. Baker, chief chemist of the research department of the same organization. Baker is connected with the by-product promotional and experimental work of oranges and lemons.

H. B. Bailey, manager of the exchange by-product plant at Ontario, spoke on the current disposal methods of the by-product fruit.

J. O. Cook Jr., secretary of the California Fruit Growers' exchange, talked on general exchange matters.

### Dr. Blaisdell In Speech On Peace Meet

BREA, Feb. 3.—Brea people yesterday observed the opening of the disarmament conference in Geneva, when they gathered in the auditorium of the Brea-Clinda union high school and heard a talk by Dr. James Blaisdell, Pomona college, in which he mentioned having listened earlier to the broadcast which gave the details of the opening of that important session.

The Rev. Joseph Gray, pastor of the Church of the Nazarene, presided at the meeting and prayer was offered by the Rev. Donald Gaylord, pastor of the Congregational church. An appropriate poem was read by Mrs. Frances Davis, president of the Brea Woman's club, and the Bible reading was conducted by W. E. Fanning, superintendent of grammar schools. The audience joined in the singing of national patriotic songs and Klippel's "Recessional."

Dr. Blaisdell reminded his audience of the struggles of the pioneers of America and of the high courage and integrity of purpose of such men as George Washington, whose memory today, he declared, is revered throughout the world. The world needs another such man, he said, and expressed the belief that a valiant leader will come as the result of such conferences and efforts as are being put forth in Geneva today.

### NEW MEMBER CAMPAIGN OF CHURCH BEGINS

LA HABRA, Feb. 3.—Members of the official board of the Methodist church held a meeting Monday evening for the purpose of considering the program of work from now until after Easter Sunday, March 27.

It was decided that the groups would be called together this week for the personal evangelism campaign, in which the entire church organization will make an effort for new members, calling on those who do not belong to any church and also on those who are Methodists should be members of the local church.

The plan for the organization of this campaign is to divide the city into seven districts with Central avenue as the dividing line and the east and west dividing lines, which will make six sections and leaving the La Habra Heights district for the seventh district. Captains for this work are A. C. Dunsford, H. A. Robinson, Mrs. J. A. Scofield, J. L. Morris, M. A. Stearns, Mrs. Chester Schuepbach, E. M. Sutton, G. E. Sutton and the Rev. Sheridan Phillips. Three others will work with each captain.

Plans for the anniversary services to be held at the church March 13 in commemoration of the dedication of the church were discussed and it was decided to invite the Rev. H. H. Stranburg, of Pasadena, who was pastor of this church at the time of dedication, to give the address at the morning service. The \$5 anniversary banquet is scheduled for March 15 at the Social hall and the committee in charge of this affair is as follows: The Rev. H. O. Simmons, chairman; H. A. Robinson, E. Wiede, Mrs. E. E. Proulx, Mrs. I. E. Wiede, Leslie Baker, Ethel Mae Wiede, M. J. Pickering, Mrs. F. P. Davis, J. L. Morris and Ross N. Hodson.

It was voted to invite all members of the Masonic and Eastern Star groups and all of these auxiliaries to be present at the Easter services.

### MESA CHURCH TO BACK BOY SCOUTS

COSTA MESA, Feb. 3.—The board of the Community church definitely took over the sponsorship of Scout troop No. 8 at the regular monthly meeting in the chapel Tuesday night. A Scout committee will be appointed by the pastor within a few days.

Announcement was made of a men's and boys' rally to be held at the church next Sunday evening, with Col. M. B. Wellington, of the Orange county council, as speaker.

Routine board business was transacted, with the following members present: The Rev. A. F. Huest, Mr. and Mrs. E. A. Spaulding, Mr. and Mrs. J. Reynolds, J. B. Cleghorn, Donald Gibson, A. M. Nelson, L. Willcutt and Mrs. L. Anderson.

### POSTPONED CEREMONY

PLACENTIA, Feb. 2.—Installation of officers of Placentia Fisherman club has been postponed until February 9 to accommodate Vernon Morgan, secretary of Fisherman club union, who will give the ceremony, according to announcement of Don Milligan, leader.

### CHAMBER HEAD IN PLACENTIA NAMES AIDES

PLACENTIA, Feb. 3.—President A. S. Bradford of the Placentia Chamber of Commerce made his committee appointments at the regular meeting of the body yesterday, when the Zellerbach Paper company provided the entertainment and the program as well as the dinner.

Charles Findley, Orange county representative of the paper company, with Clem Riee, sales manager, presented pictures and a lecture on the methods of handling wood and making paper. Frank Rospaw introduced the guests.

Committee appointments were presented by the president included finance and membership, E. M. Everett, chairman, Lawrence Kraemer, L. T. Alldredge, Mrs. Olive Bailey, Glenn Riddleberger, Fred Valle and Dr. F. J. Yerke; agriculture, E. J. Menard, chairman, William Bleifeldt, H. H. Wale, Arthur Staley, H. O. Easton and W. Harold Long; legislation, S. James Tuffree, chairman, C. E. Halber, W. B. Bradford, Dr. E. H. Brunemeier, J. W. Bennis, Dr. Yerke, Dan Henry, Dave Brann and Nelson L. Hamner; inter-organization, S. C. Hamner, chairman, L. Anderson, Mrs. Lucanna McFadden, E. A. Elsenacher, Dr. D. J. Brigham, Elmer Hochstein, Gilbert Kraemer and Mrs. L. C. Williams; program and entertainment, John C. Tuffree, chairman, Edward P. Backs, E. R. Reisinger, M. P. Gilliland, the Rev. Charles E. Fuller and Mrs. Olive Bailey; civic improvements, Mrs. Nellie M. Cline, Miss Elsie Rad, W. D. Muir, Horace Lucy, Mrs. Linnette G. Gleason, and V. E. Henderson; publicity, Frank Rospaw, chairman, Mrs. Sue D. Abbott, Edward Deweyer, J. D. McDonald, Dr. Guy L. Kay and Mrs. Olive Bailey; road and district projects, Ralph J. McFadden, chairman, Louis Jacobson, W. W. Blackmer, H. H. Hale, John C. Tuffree and A. LeRoy Grimm; hall and properties, Mrs. Ella Penn, chairman, Gus Barnes, Joe Fauchon and Edgar S. Reisinger.

Conservation, H. H. Hale, chairman, John C. Tuffree, Camille Allee, Jr., Leon T. Gilliland and Ralph J. McFadden; education, H. S. Leavitt, chairman, Le Roy E. Layton, W. W. Nordheim, Warren M. Bradford, A. M. Christensen, Mrs. Lucanna McFadden and Fred Valle; business and industry, H. C. Foss, chairman, John Nora, D. C. Luzier, Murphy Zlatet, E. P. Francis, A. C. Johnson and A. Ipeen.

### MAGIC ISLE NAMED FROM L. B. PAINTING

LAGUNA BEACH, Feb. 3.—The recent death of William Wrigley Jr., at Phoenix, Ariz., recalled to the fact that Catalina island got its name. "The Magic Isle," from a painting of the same name, which was the work of Frank W. Cuprien, noted marine artist of Laguna Beach. The painting now hangs over the fireplace in the huge living room of the Wrigley mansion which the chewing gum and baseball magnate built on a hill overlooking Avalon.

Cuprien painted the picture in 1922 during one of the colorful sunsets for which this city is famous. It was seen by a Pasadena friend of Wrigley and shortly thereafter the owner of Catalina island called at the studio. He not only purchased "The Magic Isle" but two other of the Cuprien marines, "The Gold of Evening" and "The Shimmering Sea."

A few months after the pictures had been delivered, Cuprien was invited by Wrigley to visit him at his Pasadena mansion. As they entered the dimly lighted living room, Wrigley pressed a button. Instantly "The Magic Isle" was flooded with light, just enough to show the canvas at its best. At the same time an invisible organ pealed out soft music.

Shortly afterward the advertising copy for Catalina island began to carry the slogan, "The Magic Isle." It is known by that name throughout the world.

### CITIZENS URGED TO TAKE INTEREST IN GOVERNMENT; C. OF C. COMMITTEES NAMED

FULLERTON, Feb. 3.—Giving a message of confidence and optimism for the coming year, W. H. Wickett, retiring president of the Fullerton Chamber of Commerce, submitted the annual report of the activities of this organization last night at the annual meeting held at McFarland's cafe.

Dr. Wickett's reports showed concrete accomplishments during the past year and predicted an even greater year, with the continued co-operation of the membership for 1932 under the leadership of Thomas Taylor, newly elected president.

President Taylor announced the heads of committees for the coming year: Publicity, W. E. May; well; aeronautics, George McCall; agriculture, V. C. Dillingham; budget and finance, A. R. Volk; city affairs, Tom Eadington; flood control and water conservation, Walter Humphreys; highways, R. S. Gregory; industrial, W. H. Wickett; membership, Dan O'Hanlon; county affairs, W. J. Carmichael; entertainment, Ted Corcoran; merchants division, Ralph Irwin.

Benjamin F. Biedsoe, former superior court judge in Los Angeles was the principal speaker of the evening, being introduced by C. C. Chapman. Mr. Biedsoe touched lightly on the present depression and compared it with the depression of 1897, when it was the habit of that day to think that it would never pass. He urged all individuals to take a greater and more personal interest in our government, saying that the future destiny of this country depended largely upon the sincere efforts of the public in standing firmly for those things which were good and constructive.

W. J. Carmichael was program chairman.

### SAN CLEMENTE TO REGISTER VOTERS

SAN CLEMENTE, Feb. 3.—Members of the board of directors of the San Clemente Chamber of Commerce at their meeting yesterday decided to take part in a drive to register all voters in the Spanish village. Tom Murphree, who has charge of registering, says that more than 150 citizens have seen him but that the town is far from being registered.

Voters in order to take part in elections must be registered 45 days before election. The first election this year in which Spanish village voters will take part is in the San Juan Capistrano Union High school board election. Two men, Dr. Paul Esslinger and Guy Williams, of San Juan Capistrano, will have completed their terms on March 25, the date of the election. San Clemente is represented on the board by Dr. J. B. Lape, Doherty Park, part of the district, has no representation on the board. It is believed that a candidate from San Clemente and Doherty Park will seek the vacant positions.

San Clemente held an election on April 12. Hamilton E. Cotton and E. L. Holloway, short term councilmen, and Earl Von Bonhorst and Roy Strang, long term councilmen, will have completed their terms on that date. It is believed that Cortis and Holloway will seek re-election. No word has been received from Bonhorst and Strang.

### Laguna Group to Attend Red Cross Conference In L. A.

LAGUNA BEACH, Feb. 3.—Mrs. Grace Luckie, a director, and Miss Louella Marshall and Richard Malone of the local life saving corps will attend the Red Cross life saving conference to be held in Los Angeles February 12. Two other members of the corps are to be chosen, making a delegation of five. The board of directors authorized the expenses of the quartet yesterday in the hope that the conference will result in aiding the local work sponsored by the Laguna Beach auxiliary of the Santa Ana chapter.

Mrs. M. V. Manta, Miss Louella Marshall, James K. Hutchings and Frank McLaughlin were elected directors.

E. J. Fahy reported that the under portion of the life guard tower has been enclosed and made into a locker room for the use of the corps at a cost of \$35.70 for the materials. The work was done without pay by Mr. Fahy, a member of the beach equipment committee, and Mr. Malone, one of the regular life guards.

It was decided to call a special meeting of the board within two weeks to present to Miss Louella Marshall an appreciation certificate from the National Red Cross for the work she has done in teaching swimming during the summer months for the past three years.

### Boy Scout Fund Campaign Starts In La Habra Soon

LA HABRA, Feb. 3.—Seventeen members of the American Legion met in regular session at the Scout hall Monday evening and discussed plans for the annual drive for funds for the Boy Scouts. L. H. Brewer has been named chairman of this drive and it was planned to hold a meeting of local business men Thursday evening at the home of Commander Kenneth Kessler at 810 East Florence avenue for the formulating of plans for the campaign.

It was voted to hold the next meeting of the Legion February 15 and to entertain members of troop No. 98 of the Boy Scouts as guests at a steak bake at the Scout hall.

### FIRE LOSS IN LAGUNA BEACH AT LOW FIGURE

LAGUNA BEACH, Feb. 3.—All three-year fire-loss records for cities of the sixth class in California and towns and cities with a population of 2000 or less in the United States have been broken in Laguna Beach, according to a report made by Fire Chief P. J. Pushman at the annual meeting of the Laguna Beach Volunteer Fire company yesterday at the new fire hall. The total loss for the three-year period in Laguna Beach is \$554. The department responded to 65 calls in that time, making the loss average about \$8.50 per fire.

Here are figures given by the fire chief: 1929, 17 calls, \$70; 1930, 22 calls, \$111; 1931, 26 calls, \$173.

In addition to fire calls, the first aid squad was called out many times during the three-year period and succeeded in saving a number of lives.

Officers chosen for the year were as follows: Chief, P. J. Pushman; assistant chief, R. D. Woodward; captain pumper squad, Chas. H. Jester; captain chemical squad, Weyman Johnson; captain first aid squad, Frank McLaughlin; secretary-treasurer, Frank McLaughlin.

In the past year the company has acquired, through the voting of a bond issue, a fire hall and equipment valued at \$20,000. Insurance rates have been lowered as a result of the added equipment and the fact that two firemen are on duty all night at the fire hall.

The members of the company

### CITY COUNCIL REFUSES CHECK OF WATER FIRM

LA HABRA, Feb. 3.—Attorney J. Kennedy of the American States Water Service company appeared before the city council at its regular meeting Tuesday evening and expressed the willingness of the company to pay the back franchise as set forth sometime ago in the audit prepared by the city, but officials of the city stated that they were awaiting figures being compiled by auditors.

Other business taken up was voting to allow the use of the city tractor and grader in the construction of the tennis courts to be built at the Lincoln school from funds donated by the teachers of the La Habra schools.

A permit was granted to the Standard Oil company, to install a 500-gallon gasoline storage tank underground, at the corner of Hiatt and Central avenues.

Reports from the various city departments showed an amount over \$1000 had been collected in fines during the month of January.

City Clerk C. E. Earley announced that candidates could file for office on and after February 11, election.

### AVOCADO WORK OUTLINED FOR FARM CENTER

LA HABRA, Feb. 3.—Mrs. Adel Peterson, director of nutrition of the Calavo Growers of California, was present at the meeting of the farm center Tuesday evening at the Washington school auditorium. Mrs. Peterson showed a motion picture, which revealed the development by pioneer growers of the new varieties of the avocado through the exploration and importation seed from the tropics.

C. Jack Zinn, soil analysis expert, was present and talked to the growers concerning the application of various fertilizers to the soil.

Mrs. A. F. Schoeder, head of the 4-H girls' division for the West Orange district, explained the phases of farm being done in the clothing department of this club.

M. J. Pickering, president, conducted the meeting and announced the avocado tour of San Diego county February 5, the citrus school at Fullerton Union High school February 9, 10 and 11, the Hoover dam tour for farm bureau members, February 18, 19 and 20, and the avocado school at the Tustin High school February 26, and 27.

F. D. Halm, La Habra representative on the county farm bureau, read a report from R. D. Flaherty, secretary of the bureau concerning the work of the farm bureau.

The terms of Councilmen Proulx, Robinson and Thurman will expire in April. The city clerk was authorized to purchase the necessary election supplies for the coming city election.

### CYPRESS CENTER TO GET REPORTS

CYPRESS, Feb. 3.—At the Cypress Farm center meeting in the La Rue hall, Friday, Walter Humphreys, Fullerton engineer, will give a talk on sewage reclamation in Orange county. He will outline the report recently submitted to the Orange County Farm bureau by R. F. Goudey, Los Angeles sanitary engineer. This report is a tentative outline for sewage reclamation in Orange county.

J. J. Denni, center director to the county farm bureau board of directors, will report on the activities of the board. S. Martner, chairman of the local tax committee, will report on meetings attended.

Members are asked to come prepared to ask questions, questions, Joseph Ritter, president, announces. A pot luck dinner will be served at 6:30 o'clock.

### Arrange Funeral Of Mrs. Chambers

FULLERTON, Feb. 3.—Funeral services for Mrs. Georgia Mae Chambers, 32, wife of Douglas Chambers, state traffic officer, who died at the Fullerton General hospital yesterday, will be held Thursday afternoon at 2 o'clock from McAulay and Suters funeral chapel.

Mrs. Chambers, who had lived in this city for the last 15 years, underwent a serious operation a little more than a week ago. She is survived by her husband, Douglas Chambers; her parents, Mr. and Mrs. James King, who live in Buena Park; Mrs. Nettie Moore, a sister, residing in Visalia, and another sister, Mrs. Ada Arnett, of Anaheim. She also leaves two brothers, Homer and Floyd King of Buena Park.

### PLEASANT RELIEF FROM CONSTIPATION

Shoulders droop under weight of years. Young, yet beauty has fled. Cheeks are sallow and drawn. Unsightly pimples. Keep your system clean and you keep the beauty of youth. Its energy. Its irresistible charm. Then life is not a failure.

Clogged bowels and inactive liver cause poisons to seep through the system. Health vanishes and with it beauty and energy. Dr. Edwards Olive Tablets will help save you from this dark hour. For 20 years they have been prescribed in place of calomel to men and women seeking health and freedom from constipation. They act easily and smoothly. No dangerous gripping. Take nightly before retiring. Results will amaze you.

Thousands of men and women would never be without Dr. Edwards Olive Tablets, a vegetable compound. Know them by their olive color, 15c, 30c and 60c. All druggists.—Adv.

## STOP THIEF

We are thinking of that old "thief" proclamation. He's keeping you  
from investing your money where it's safe and will do you the most good—  
we mean, in a home. There's a 5-room cottage in the south that's nice  
enough to bring \$35 a month rent from a banker, and it can be had for  
\$350. Don't you want to investigate it? 651.

## Register Water Program

1. THAT ORANGE COUNTY, OR AS MUCH OF THE COUNTY AS IS WILLING TO DO SO, SHALL BECOME A PART OF THE METROPOLITAN WATER DISTRICT, WITH THE COUNTY IN AS A WHOLE, THIS WOULD INSURE, IN ACRE FEET.....	79,200
2. THAT WATER NOW BEING WASTED THROUGH EVAPORATION AND TRANSPIRATION IN THE PRADO BASIN SHALL BE SAVED. THIS WOULD GIVE US IN ACRE FEET.....	20,000
3. THAT SEWAGE WATER FROM THE CITIES SHALL BE SALVAGED AND RECLAIMED FOR USE IN IRRIGATION, WHICH WOULD GIVE IN ACRE FEET.....	5,700
4. THAT ORANGE COUNTY FLOOD CONTROL PROGRAM SHALL BE PUT INTO EFFECT, WHICH WOULD GIVE IN ACRE FEET.....	39,660
<b>TOTAL IN ACRE FEET.....</b>	<b>144,560</b>

## NECESSITIES AND LUXURIES

We note that the Farm Bureau has inaugurated a campaign for the creation of sentiment to reduce the 40 cent road tax on the county of Orange outside of the incorporated cities.

We desire to commend the Farm Bureau for this activity. We believe that they will not only be supported by the members of their organization, and the people who have to pay the taxes, but they will be supported further by all those who know the road conditions, and the tax conditions in Orange county.

There are places where highways can be profitably built. The opening of highways, so as to make connecting links in arterial roads, will always be with us. And these in normal and prosperity years can and should be opened up and paved. But there are no people suffering through inability to reach any point in the county, and the improved and paved highways of our country are equalled by few countries, and surpassed by almost none.

We note that the road department budget calls for more than a million dollars this coming year. Last year it called for a million and a half dollars. In the light of the conditions of our highways, and the condition of our taxpayers, the figures are absurd and ridiculous. Just as the private individual must look after his absolute necessities, in the light of his means, so must the county, considering itself in the light of a family, look upon its means and its necessities, and program in harmony with them.

Some things which we may consider necessities in normal times become absolute luxuries in times like these. This thought can be applied to many things. It can be particularly applied to highways.

Until the needs of those who have no source of income at the present time in our county, who, without aid, would be hungry and homeless, are taken care of, and provided for under the law, the luxury of additional highways should be postponed. To be sure, there are combination places where the money can perform both offices, that is, perform the office of creating the highway and supplying the needy. This combination should be made wherever it is possible to make it.

But certainly if there is \$500,000 or \$700,000 that has not been actually contracted for, even though it has been set apart for roads, that money should not be used for highways now, if by using it for highways, it is going to add to the taxes of the county to take care of the needy. We should like to have the figures brought out and discussed, so that the taxpayers may know whether their money is being used for the needs rather than the luxuries, to the end of saving them the additional taxes to supply those imperative needs of hunger and health which cannot be avoided.

For example, one of the ministers of Santa Ana, speaking from his pulpit on last Sunday, gave utterance to the following:

"... May I have the temerity to suggest that we are interdependent in our care of the needy? In our own community we seem to have reached an impasse. As nearly as I can assess it, the question at issue is, Who shall do the work? After careful survey it is reported that there are upwards of 2500 individuals in need beyond the out-reach of all our organized agencies. To the Citizens' Unemployment Committee's appeal for funds, a few of our upstanding philanthropically inclined citizens have made subscription, but the vast majority of those who have made their wealth in this immediate vicinity have passed by on the other side.

"On the other hand our public servants who are charged with this responsibility failed to meet the issue even though it would seem that they have sufficient funds in their budgets so to do. Unless my pencil is very dull and my brain very befuddled the Board of Supervisors have in prospect for roads, in gas tax money, and for bridges upwards of \$1,500,000. These figures I glean from a pamphlet on budgets secured from the County Auditor. Let us suppose that the gas tax money has all been used, that it amounted to \$500,000. Let us suppose that there is \$300,000.00 shrinkage possible, it still leaves \$700,000.00 in this budget alone, three-fourths of which could readily and without detriment be transferred into wages. The question I raise is: 'Are we trafficking in human need?'"

In support of these figures, according to the auditor's statement of February 1st, there is in the various road funds at the present time, in cash, \$440,641. Besides this, there will be paid into the county by the end of the fiscal year, the first of July, about \$220,000 more, making a grand total of \$660,641 for roads, available in cash.

Besides this, there is in the Welfare fund at this date, \$100,000, certainly enough to run until the first of March. To be sure, these amounts are in separate accounts. For instance, in the

road district No. 2, in round figures, \$36,000; in Road district No. 3, \$98,000; in Road district No. 4, \$12,000; in Road district No. 5, \$35,000; in county good roads, \$56,000; and in the automobile license road, \$113,000.

The conditions in the county would suggest that these amounts be gathered together to take care of the necessary roads, to be sure, and the Welfare department as well. With this done, there would be not the remotest need of either bonds or additional taxes.

Months ago, before the demands of the Welfare department were upon us, we pointed out the fact that this 40 cent tax was not actually needed, and should be reduced, if not abolished. The Farm Bureau is on the right track.

## Football Revolt From Professional Atmosphere

The Riverside Enterprise

The football sensation sprung at New York university with the resignation of Coach Meehan has been meat for the football deflation. It seems to have been Meehan's misfortune that he did his job too well. He was brought to the institution to produce a winning team, and he did. In the eloquent words of the sporting alumni, he "put the college on the map." But the triumph is said to have been attended by the usual, and perhaps inevitable, process of players' subsidies and other abuses which have come to be considered scandalous since the famous report of the Carnegie Institution on college football ethics. New York university doesn't like the taint of professional masquerading as amateur sport.

There is growing evidence that many other colleges don't like it. All over the country they are becoming sensitive of their sporting honor. Football appropriations are being cut down. Salaries are reduced. More scrupulous rules are made for players' eligibility.

There is evidence, too, of a more powerful reaction coming from the students themselves, of smoldering revolt among undergraduates. Players, student managers, cheer leaders and the whole elaborate organization required to stage the big football shows begin to feel that they are being unduly exploited. There is less zeal to win for alma mater and the alumni association. There is more questioning as to whether the effort is worth the reward, and what these elaborate shows have to do with education, anyway.

## Washington Letter Scientific, Well Thought Out Interpretation of Economic News Carried to Labor Unions by Publications Issued By Their Own Organizations

BY RODNEY DUTCHER  
NEA Service Writer

Washington—Union labor, as if it had lost faith in the stories the economists, bankers and other business agents used to tell, appears to be increasingly bent on informing its members just what is actually happening to them.

It is using its own statisticians and publicists to obtain and distribute the facts and the background of unemployment, business and financial conditions, on the theory that the rank and file workers are both anxious for and in need of such information. The railroad unions for years have published here a four-page weekly newspaper, Labor, edited by former Congressman Ed Keating, of Colorado, which covers national affairs from the labor viewpoint as well as actual labor news. That is one reason why you are likely to find a group of railroad men at some remote junction better informed on public questions than any other group of workers.

Through the depression, the American Federation of Labor has issued a small "Monthly Survey of Business" which has attracted increasing attention and has been more and more widely quoted. It describes current situations in simple, intelligible language—the kind in which you know what all the words mean—and occasionally tosses in simple, significant charts and graphs. The January issue contained probably the most lucid, comprehensive yet brief accounts of the frozen credit condition, the bond situation and the resultant business restriction that this writer has seen. Also, similar explanations of the federal budget problem and the reparations tangle.

The point is made, which so many people still don't seem to get, that the banks hold about one dollar in ten of deposits and lend the rest at interest. Manufacturers, merchants and farmers depend on borrowing from that money for short periods for costs of doing business and the banks also invest in long term loans on real estate and in bonds and stocks of reliable corporations. The one dollar in ten is normally ample to meet reserves, but if depositors suddenly rush for their funds the whole credit mechanism is upset, banks must sell bonds to get cash—thus depressing bond prices still further, press business men for repayment of loans and avoid new loans in order to keep ready money (liquid assets) on hand. When farm and other commodity prices dropped debtors were less able to repay the banks, security behind credits decreased and bank investments in railroad bonds, real estate and other securities declined in value. The German financial crisis scared everyone, stimulating hoarding and withdrawals. Bond prices shot down, the A. F. of L. chart shows, at the same time and at about the same rate of speed with which hoarding increased.

Careful estimates, the federation says, shows an average of two dependents for each unemployed worker. It conservatively estimates the unemployed at 8,000,000.

Another excellent example of labor union tendency to inform members is given in a careful survey by the International Brotherhood of Electrical Workers which undertakes to show the trend of industry away from the old theory of "a fair profit." It quotes, in its monthly journal, bankers, industrialists and economists to show that speculation and the "habit of colossal and easy profits" was a major cause of the recent disaster. It lists various devices—all well known—by which more than a fair return is taken, analyzes them and concludes that business must turn back to the era of fair return on goods and services furnished for productive services or continue "in its spiral journey toward speculative attitudes—which means, in the end, ruin."

There is no radicalism in these labor surveys. They are scientific, usually, and well thought out. (Copyright, 1932, NEA Service, Inc.—Printed in U. S. A.)

## The Thundering Herd!

## More Truth Than Poetry

By James J. Montague

### A SAD STORY

Whenever I heard, as a lad,  
Of a stream that was seething with trout  
I discovered some country boy had  
Fished all of the biggest ones out.  
Though the song of the ruffles would lull me to rest,  
And the scent of the flowers was pleasant,  
Disappointment my shivering being possessed,  
For the trout were among those NOT present.  
The same was the case when I hunted the duck;  
I never DID have any luck!

Yet one always at rainbows will snatch,  
And I felt greatly cheered by the tales  
Of a recent astonishing catch  
Of twenty-eight thousand vast whales.  
"If whales," I observed, "are as thick in the sea  
As I read in this newspaper story,  
I shall go out next summer and catch two or three  
And win simply oodles of glory.  
A whale, which great fountains of water can spout,  
Has got it all over a trout!"

But before I could purchase a lance  
To pierce the leviathan's hide,  
While I bade the stout carmen advance  
Till my whaleboat was laid alongside,  
The dream that was suddenly born in my breast  
Was equally suddenly ended,  
For at some busybody official's behest  
The taking of whales had been ended.  
I am always that way, with whales or with trout;  
When luck comes to knock, I am out!

ONLY FOOLING  
We read the other day that modern literature is quickly forgotten. This, of course, includes the Versailles treaty.

HE WON  
Apparently nobody got out of the war unscathed but Wilhelm Hohenzollern.

A TERRIBLE RAP  
Albert H. Wiggin says sentiment is worse than facts. And just now facts are plenty bad enough.

## Uncommon Sense

By JOHN BLAKE

### SELF STARTERS

Now and then along a country road you will still see a red-faced, perspiring man cranking up a car of such early vintage that you wonder it has continued to run all these years.

This was a frequent sight a few years ago.  
But mechanical ingenuity has progressed, and practically all the gas-driven vehicles on the roads today put their engines into operation at a touch of the foot.

And as in mechanics the self starter has become a practical necessity, so has it become a necessity to the human engine.  
It was not so long ago that boys needed the advice and assistance, not only of their parents but of all their parents' friends, to find them jobs and get them under way.

Today they have acquired a broader outlook, and as soon as they outgrow the age when the chief ambition is to be a locomotive engineer or a ship captain, they pick out the kind of job they want, and try to get it, asking little help from the old folks.  
Yet the world still contains too many people who will not start without help, and will not keep going very long without re-starting.

Most of the men who are the great figures in business today have been self starters, and got their starts pretty early, even if they paused on the way to get the repairs and improvements to be found in a college or a university.

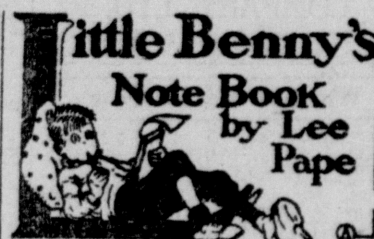

The employee today who has to be started and restarted constantly doesn't hold his job very long, or get very high wages when he is holding it.

And when, "by 'n by" hard times comes a knocking at de do," he is the first to be given his freedom to find a new job.

I have personally known so many self starters who have made their way to places of influence and importance, that I take little stock in the belief of some of my friends that opportunities are not as plentiful as they used to be.

As the country expands, the business expands with it, there is constantly more opportunity for young men and women.  
But it is the self starters who will take advantage of this increased opportunity, not the people who wait for somebody else to come along and turn the crank which sets the wheels in motion.

If you have been in the habit of depending on somebody else to give you your start, get out of it.  
That kind of person never keeps going very long, and when he "runs down" he will not always be easy to find somebody else to turn the crank.  
You can check up all I have said by thinking over your own acquaintances, and perhaps by taking a backward look at your own career.  
(Copyright, 1932, by The Bell Syndicate, Inc.)

Saturday morning I came down to breakfast and I was sitting there looking at my Krackly Toasties instead of eating them, pop saying, Say, young fellow, if you ever see that dish of breakfast food again you'll probably recognize it.  
Yes, my goodness, Benny, you look as if half the troubles of the world were rolling off your shoulders, why don't you eat your breakfast? ma said.

I had a fearful bad dream, and it was so plain I still feel the effects of it, I said.  
Well, yes, gods, tell us all about it and get it off your chest, pop said.  
Which I started to, saying, Well in the first place I dreamed that the paper boy threw the evening paper in the vestibule and I opened it to look at the funnies and there was a big headline all over the front page saying Exter Special Exter. No School Tomorrow by Order of the Board of Education on Account of All the Teachers Having to be Vaccinated for Ignorance. And all the fellows came running out of their houses waving their papers and yelling, Herray, no school tomorrow, herray, herray. And we all got in a parade and marched around the block waving our papers, and yelling 3 cheers and different things.

Well, go on, where does the nightmare part come in for Feet sake? pop said, and I said, Well G wizz, imagine how I felt when I woke up and found out it was only a dream, and ma said, But you silly thing, this is Saturday and there's no school, so it was true after all.

No it wasn't, because there wouldn't be school on Saturday anyways, I said, and pop said, O for the bewtiful sad days of childhood, let me out of here where I can be among jolly carefree bizzness men.

And he went down to his office and I began to eat my breakfast, twisting pretty good after I got started.

## In the Long Ago

From The Register Files  
14 Years Ago Today

FEBRUARY 3, 1918

The Mission Woolen Mills plant on East Washington avenue, was running day and night with the force working in two shifts of ten hours each, making army blankets and overcoats. There were 87 employees with a payroll of \$1200 to \$1500 a week. P. A. Robinson was building a warehouse on Stafford street east of the S. P. tracks, for storing materials.

At high school elections, Edmund West was named president of the student body with a vote of 520 to his opponent's 115. Lillian Martin was named secretary and Austin Ober, treasurer.

Members of the nine Y. M. C. A. clubs were given the use of a fully equipped playground for basketball and indoor baseball, just north of the city fire hall on Sycamore street. The court was provided by the County Y. M. C. A. and was fully lighted to provide for night games.

Miss Violet Wiessmann gave a valentine dinner complementing her cousin, Miss Ruth Diesemann of Buffalo. Covers were laid for hostess and honoree, and for the Misses Helen Walker, Laura Davis, Vivian Cox and Virginia Bell, together with George Baker, Berkeley Davis, Maxwell Jayne, John Wehrby, Cassius Paul and Felton Brown.

## Thoughts On Modern Life

By GLENN FRANK

### THE CHALLENGE OF LEADERSHIP

Unless the attitude of the leaders towards the functions and responsibilities of leadership is right, the philosophy of politics or the program of action put forward by the major parties in 1932 will be meaningless.

Here are some questions the American people should ask when they have said about the living issues of the time or because of their cannyness in what they have left unsaid?

Are they men who will lead the crowd or merely follow it?

Are they men with the requisite nerve for the doing of unpopular things when the popular thing would be wrong?

Will they be responsible statesmen or merely responsive politicians?

Are they men in bondage to obsolete catch-words or men capable of coining the new rallying cries for a new phase of American evolution?

Are they men big enough to be the sincere servants of every legitimate interest of both Wall Street and Main Street without being the cringing slave of either?

Are they men big enough to challenge the nation to return to government by trusted representatives instead of the present system of government by instructed delegates, under which statesmen are degraded to the status of errand boys for the weather-cock whims of propaganda-ridden constituencies?

Are they men big enough to resist the poison of power?

Are they men who will think more of the next generation than of the next election?

Are they men marked more by superiority of mind than by subservience of spirit?

Are they men who will be more interested in what we need than in what we say we want, or rather in what the vocal part of the electorate says we want?

Let us face the fact that we are governed by men rather than by laws, and that the quality of our leadership is even more important than party philosophies or party platforms.

### MUSIC LESSONS

I think that all children should have music lessons. Some day I hope that music will be a regular subject in all the schools and that all the children will learn to play and sing and read music just as now they read words.

All children are not musicians. That need not hinder them from understanding music and being able to play some instrument, sing some songs, read some music. All people are not scholars but that does not hinder us from teaching all the children to read books.

The musical genius, the musician of skill, ought to have a specialized education. His life must be bent to his gift. The ordinary child has no gift and should not be asked to submit to training that can profit him nothing. It is for this child that I ask for music lessons. Let him learn to play an instrument according to his ability. If he grades as first violin, fine. Let him have one and go to it in the school orchestra. If he can qualify only for the Jew's harp, fine.

Let him in and let him play. No musical instrument from drum to harp and piano is to be scorned. The less gifted musicians seem to like the trumpet. They like to blow their horns long and loudly. Why not? It is one of the best, and one of the most innocent pleasures a child can have. By all means let him have his music lesson and his horn and praise him for his performance.

Then comes the difficulty about practice. Don't make it a difficult task. Cut it down to its limits. Ten minutes at a time for the reluctant practitioner is enough. It must be honest work, though. The time used in "oogeeing" finding the

music, finding the place, arranging the music, warming the hands, polishing the instrument, are not to count. The time is counted from the first note. Any time taken out for conversation, drinks, regulation of ventilation, and the like must be made up with a fresh start. A good humored agreement about this can be reached. Ten minutes of solid work a day will soon mount up, and if he has another ten minutes just before dinner, all to the good.

Don't fret about his practicing. Set a time for it, the same time every day, remind him of it, and keep on reminding him until he gets the habit. If all he can do cheerfully is the ten minutes, let it go at that. His music is not a serious business. It is his pastime, his fun. Don't pay a big price for such lessons. Save the money for his real needs, his bigger gift. The school orchestra will do all that is necessary if he really wants to make a joyful sound. That's about all he is going to do.

The child who has a real musical gift needs very little prodding. Music to him is what dinner is to the healthy young tyke of the ballfield. What he needs is the best teacher you can procure and a chance to play his instrument. If you have to drive him to practice there is something the matter. It is a mistake to put music for the usual child on the altar. It is just as ordinary, for him, as bread and butter, the third reader and the monthly report card. Let him make his joyful noise without feeling cramped by rules and regulation, practice time and lesson costs. Cut them down to the minimum and be happy about it.  
(Copyright, 1932, The Bell Syn., Inc.)

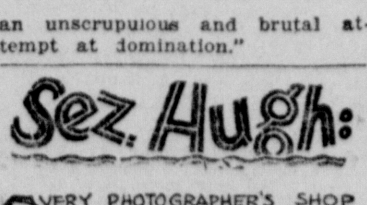

### AMERICANS ON FOINT

On Feb. 2, 1918, it was announced that American troops had officially taken over a sector of Lorraine.

Two Americans were killed and nine wounded in a bombardment of the sector.

The United States and the allies agreed on a unified campaign in the third session of the Allies Supreme War Council at Versailles. The allies agreed on a general military policy to be carried out by the allies in all the principal theaters of the war and on "a close and more effective co-ordination, under the council, of all efforts of the powers engaged in the struggle against the Central Empires."

"The allies are united in heart and will... by an open resolve to defend civilization against
